FAIRHILL SCHOOL

FAIRHILL STUDENTS

"ODE TO FAIRHILL"

Oh Fairhill, Dear Fairhill, are we really that old?

Has it really been 10 years? Can our story be told?

I know we have come such a long, long way,

And yet we keep striving for an even better day.

But let us go back to year number one,

And see if we can trace our development — with fun!

At first there was LTV

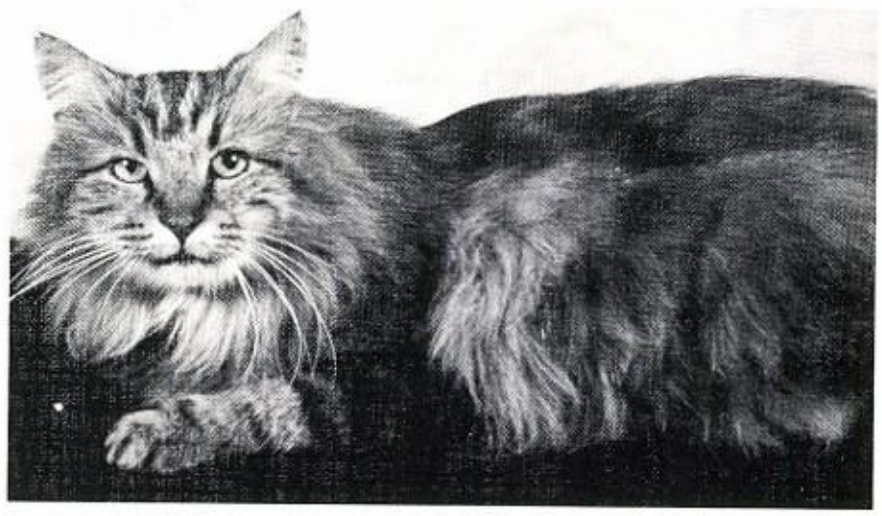
Sigma Road, no grass

Dr. Hutton, open classrooms,

Ms. Sego was teaching class.

But then in 1973,

We moved to Churchill Way, in mass.



We had Purdue the cat,

And chickens and mice.

We rode a bus to the Y to swim and exercise.

We had one big room for lunch and a catering truck from which to munch.

Then we grew and grew. We got a building which was new.

We added teachers and students — there was so much to do.

We became accredited k-8 and started working on 9-12,

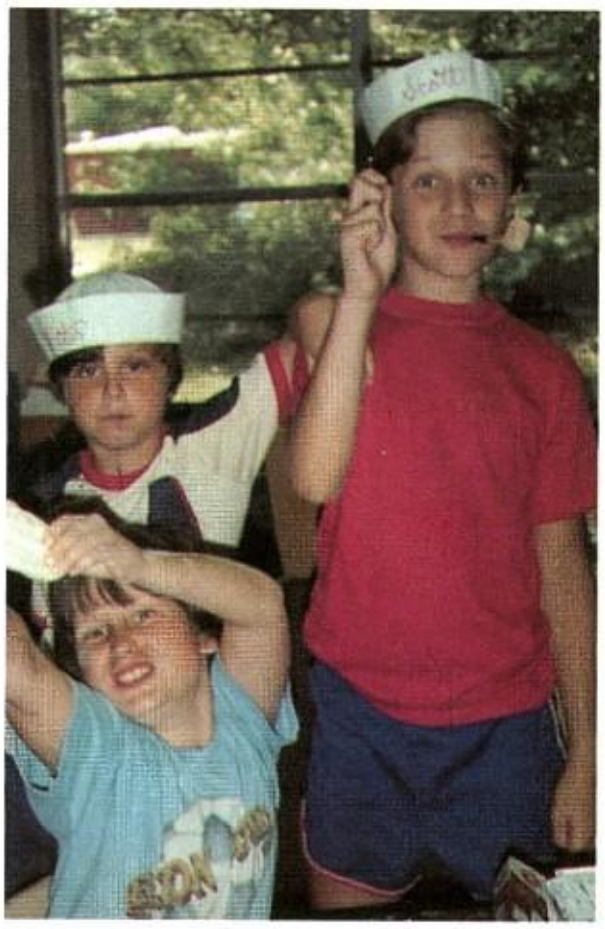
Though we hated to have to wait.

But now with our first decade out of the way,

We have another new building and accreditation (I pray!).

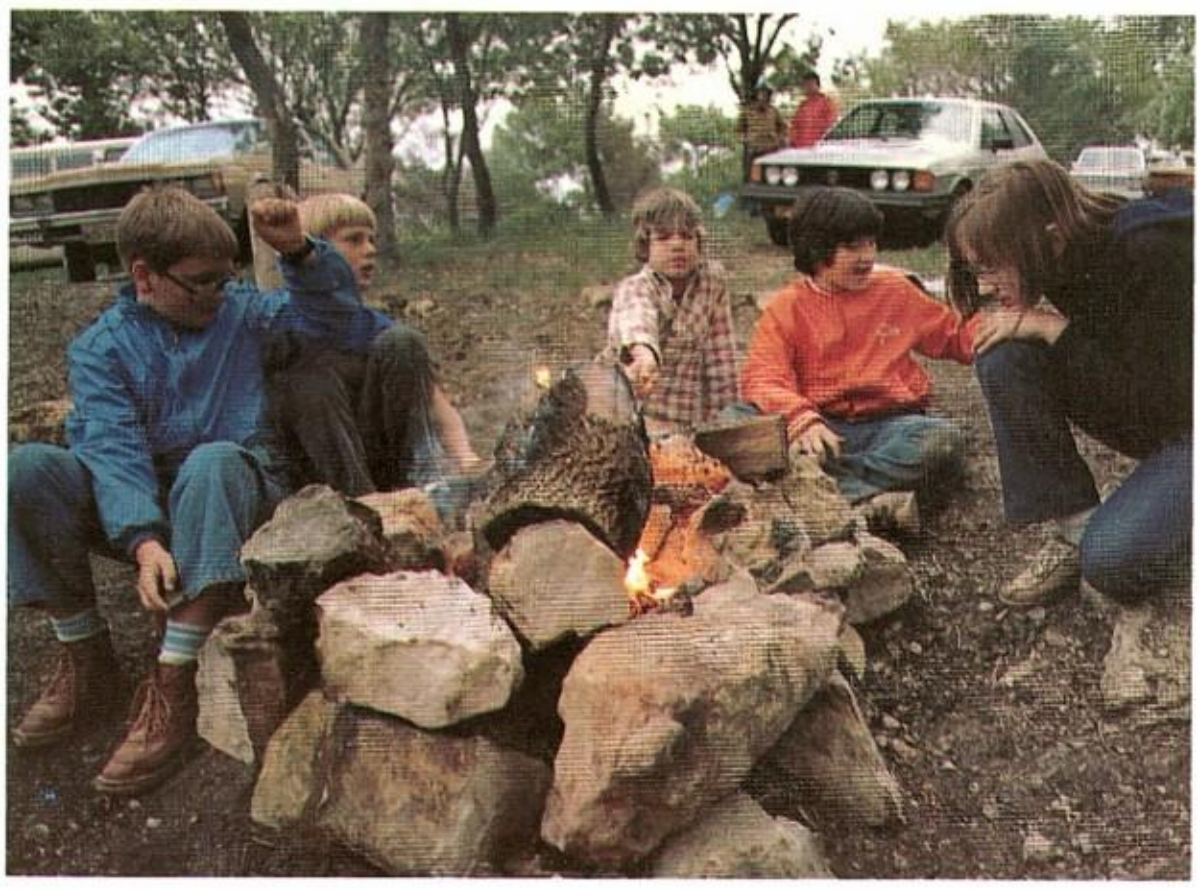
So yes, Dear Fairhill, it's true to the letter.

You're not only getting older, you're also getting BETTER!!



The staff is fantastic;
That you can see.
The students are happy
As they can be.

Whether camping or playing
Or just messing around,
The jubilant voices
Will always resound.

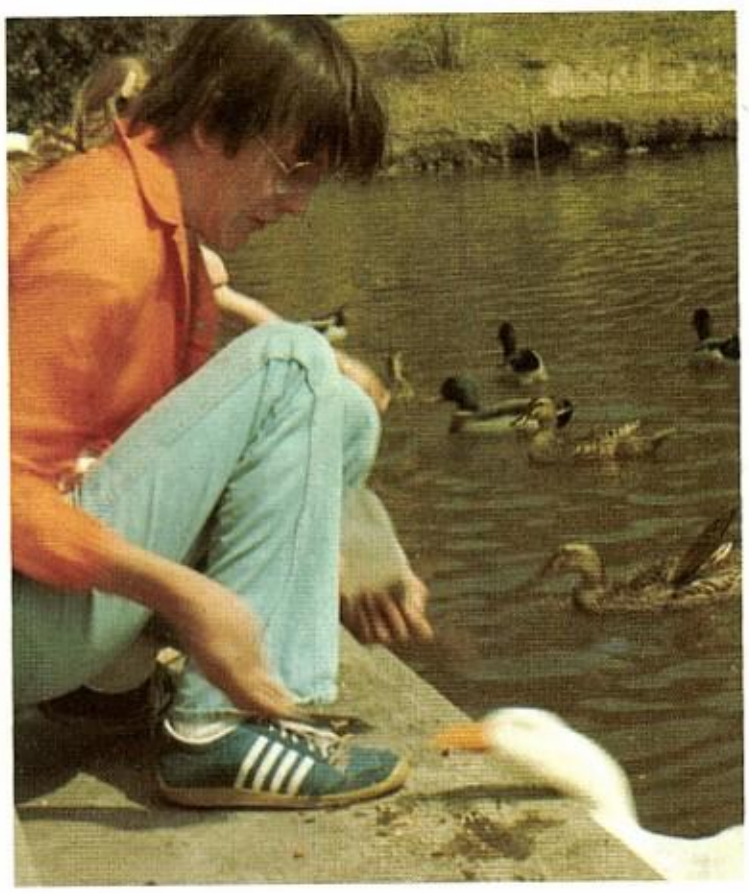


The students can
gather
At lunchtime for fun.

They talk and they dance
Out under the sun.

At other times a trip
Is the event they will do.

So off to Richland College
Or even Washington D.C.
Zoo.



Oh my, how they change!
Can you recognize these kids?
They're still students here,
But they've grown so big!

There have been so many changes
over the years.
We soon will have graduates,
beginning careers.

But some things at Fairhill
won't change. No, not ever —
We will always have →

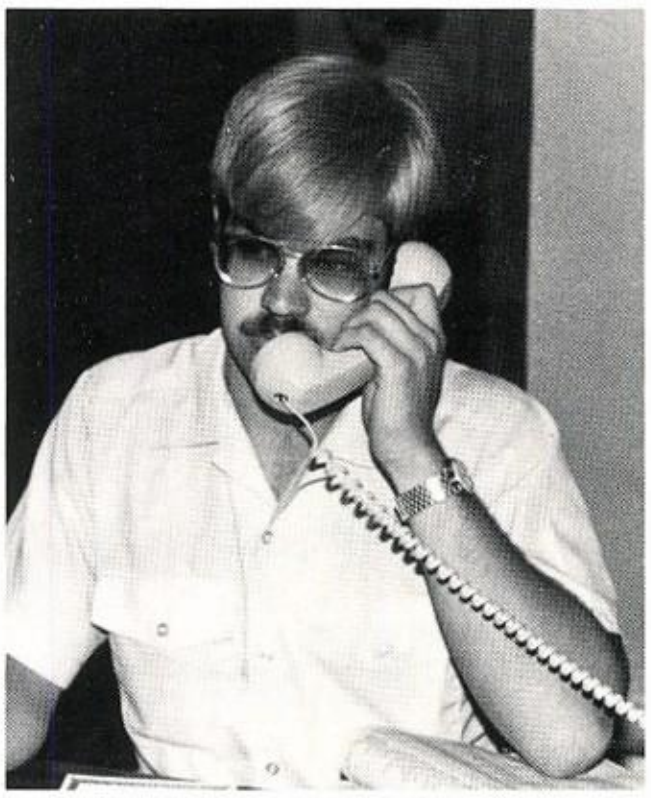
BABIES

"What you talkin' about?"

"Hey, Cutie! Come on over to my pad."

"They weren't supposed to run that way."



"Hello, Mr. President? Would you like to buy an ad in our yearbook?"

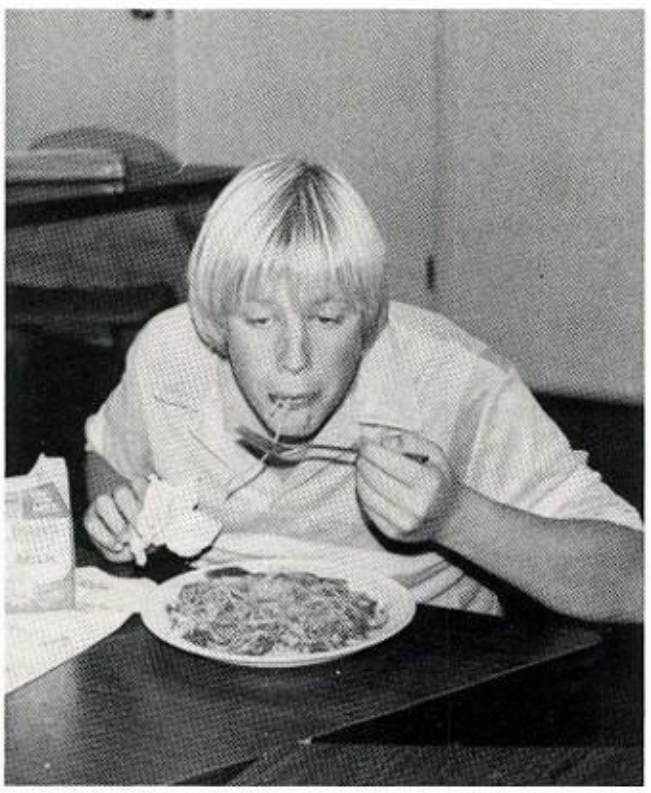
"You can't say I never wore a suit, Man."

"Isn't it Friday yet?"

"Me Tarzan! Where's Jane?"

"Here comes the lecture again."

"Fantastic! Only two more problems and you'll be done."



"Mmmmmm!! This is good."

SENIOR RING CEREMONY

A new senior tradition began on September 10, 1980, when the seniors received their school rings in a formal ceremony. Mr. Bill Johnson spoke on being what you want to be. A luncheon honoring the seniors, hosted by Mr. and Mrs. Loughborough, immediately followed. What a wonderful way to start the beginning of the rest of your life!!!

We are proud to dedicate this yearbook to:

MS. JANE SEGO

and

DR. CONNIE WILSON.

Without their hard work and dedication to this school, it would not be what it is today. These first ten years have been challenging, but we made it — thanks to them. The next ten years — with their help — will be even better!

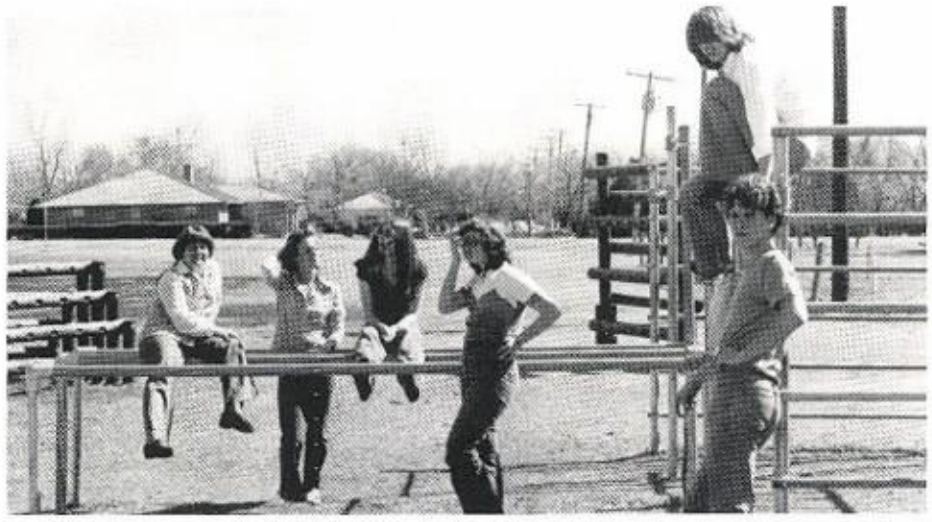
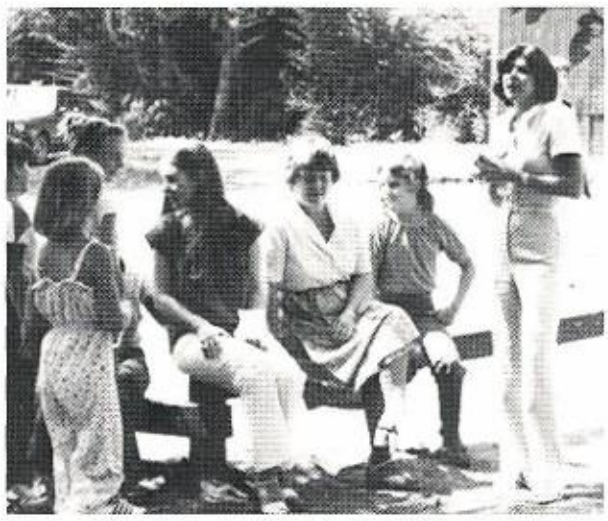
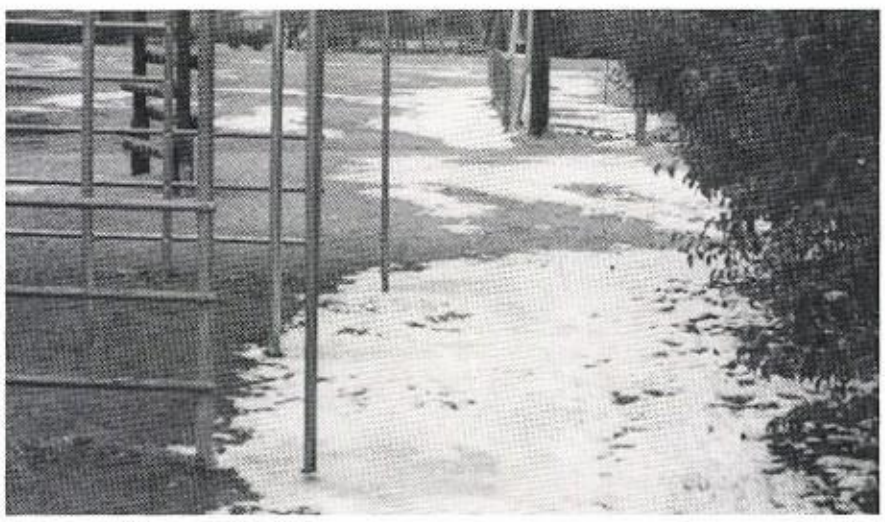
SPRING, 1980



FALL, 1980



WINTER, 1980



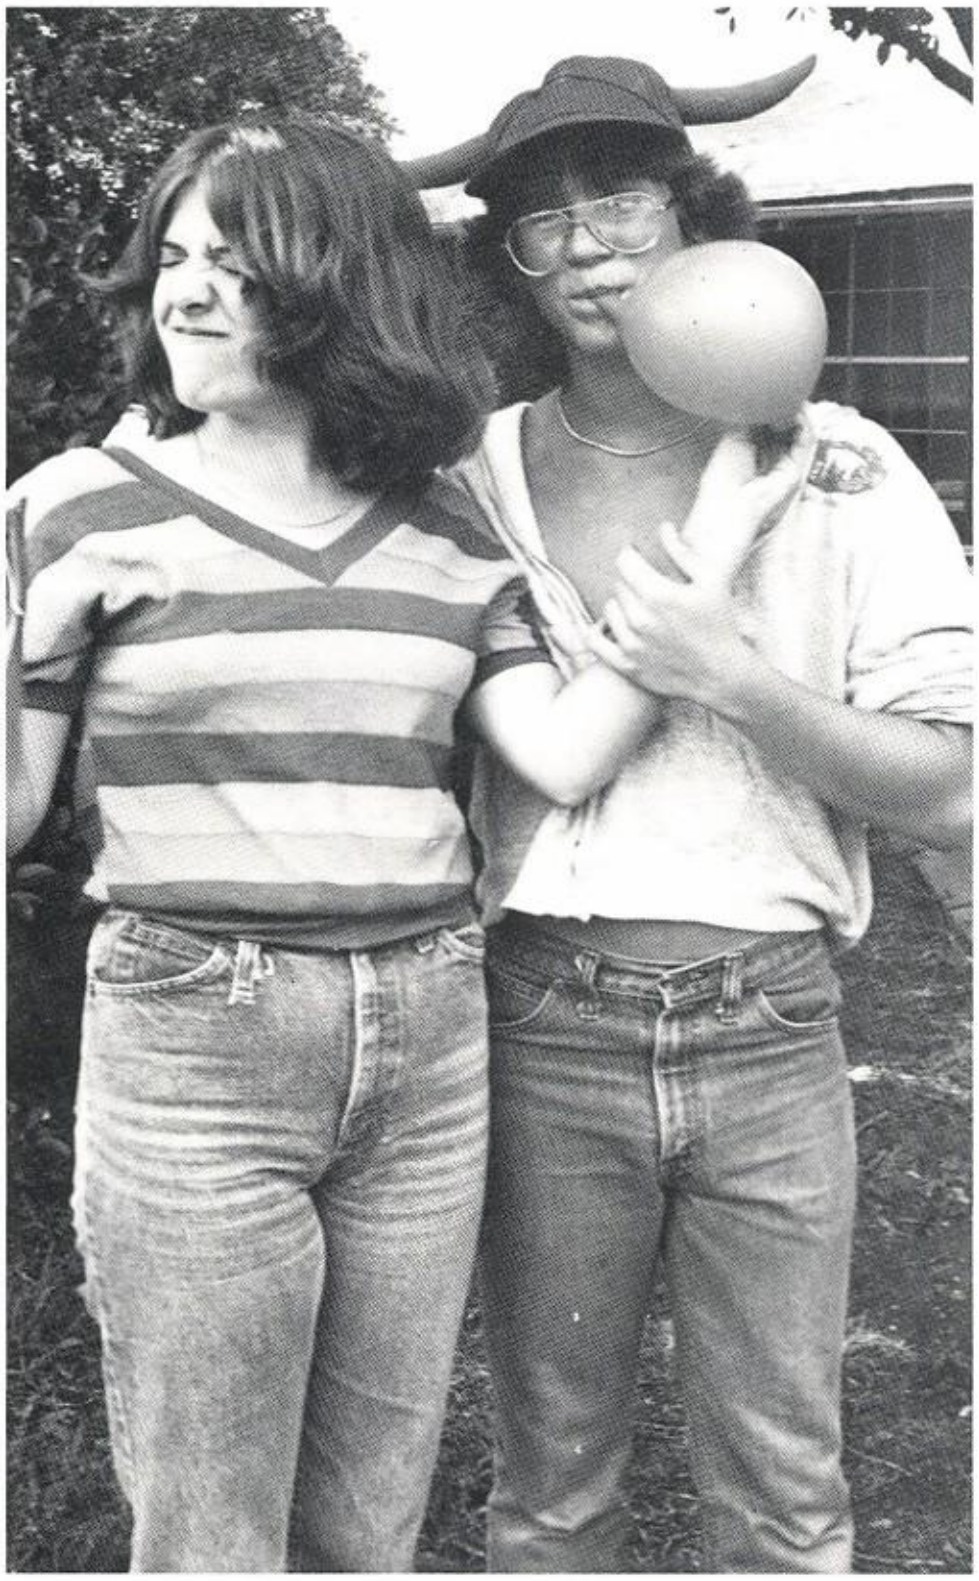
ALWAYS ACTIVE

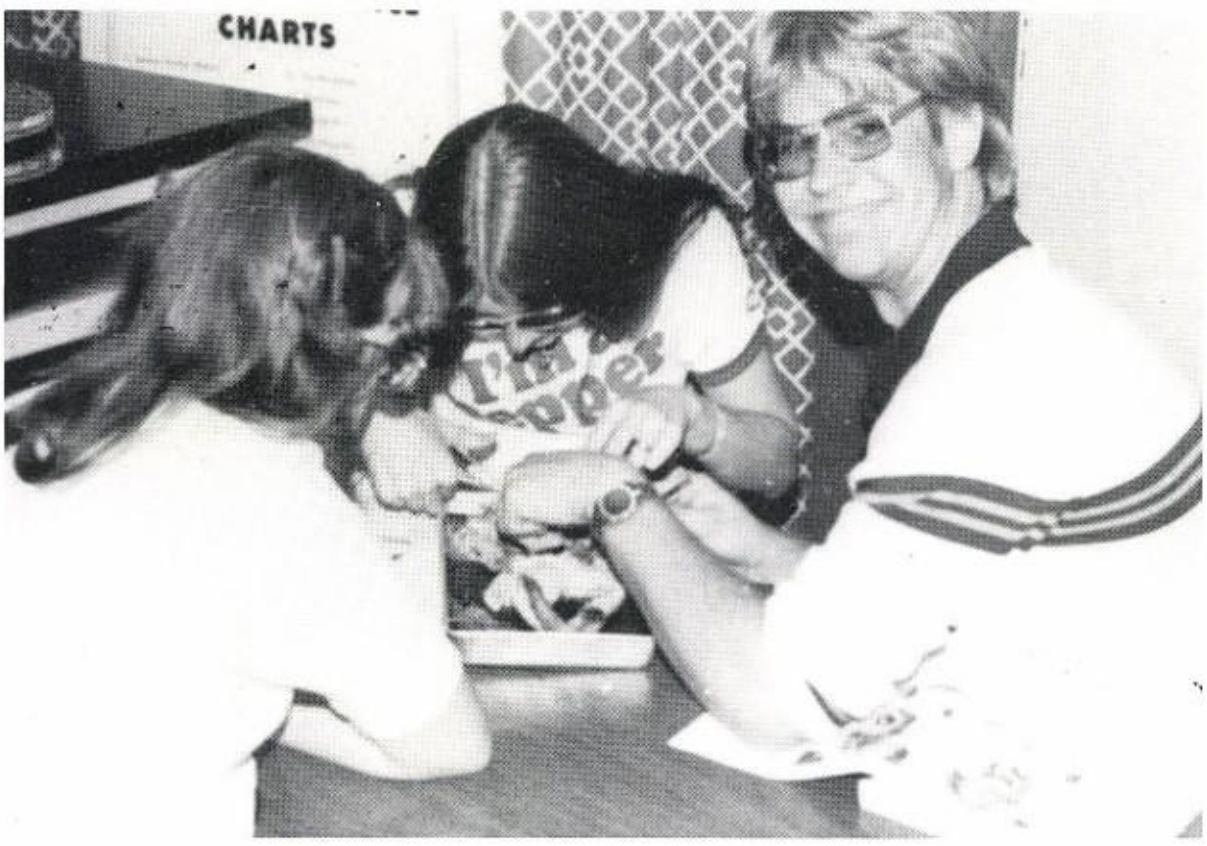
SPRING

Spring brought fun at Fairhill School
We had foreign day, a bake sale.
The camping trip was cool.

The science fair was really a blast!
The student creations will definitely last.

Sports were everywhere with basketball
baseball and track.
Field Day was stupendous!
Fun was never to lack.





The long awaited yearbook
Finally arrived in May.
We signed and ate and socialized
It was a terrific day!

Our first senior graduated.
How happy we were!
School was out for another year,
And a new building was to occur.

So spring, 1980 is over
and past.
The days are ended, but the
memories last.

SPECIAL EVENTS CELEBRATE

FOREIGN DAY

One sunny March day, we had Foreign Day. Students and teachers dressed up as people from all around the world. It was great fun, and a real break from the regular routine. Most classes tried to have a foreign lunch to top the day off.

"These Americans can't live without Arabian oil!"

Front row: Melinda Meinke, Claudine York, Curtis Wilson. Top row: Kim Villa Lobos, Tami Brooks, Laura Helsen.

Front row: Michael Bibb, Clint Rosner, Chris Sharp. Top row: Sean Tucker, Jim Fancher, J. R. Brown.

Front row: Bart Jordan, Stephen Sorrels, Jeremy Stinnett, Randall Hensley. Top row: Elizabeth Keado, Charles Bryan, Scott Hutton, Sara Caldwell.

"We'll just siphon a little bit here."

SPRING

Yummy! Yummy! It all looks so good.

"Now let's see. Change from a dollar."

Cookies, cakes, pies. Where are you Alka Seltzer?

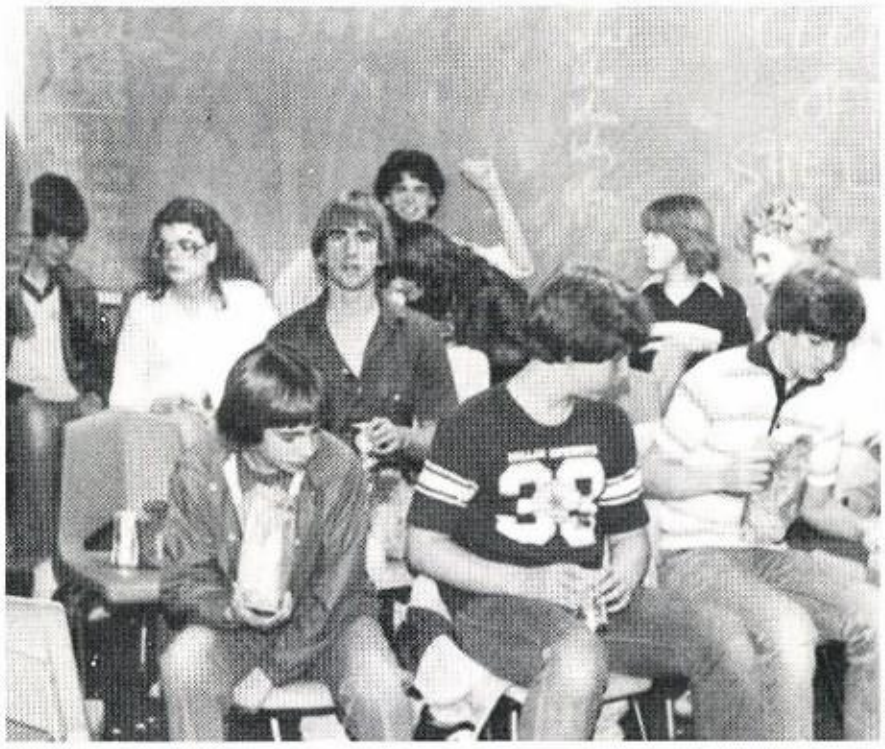
BAKE SALE

The Student Council held a bake sale to raise money, and everyone gained five pounds!!

MOVIE TIME

Everyone in the school enjoyed watching "Oliver."

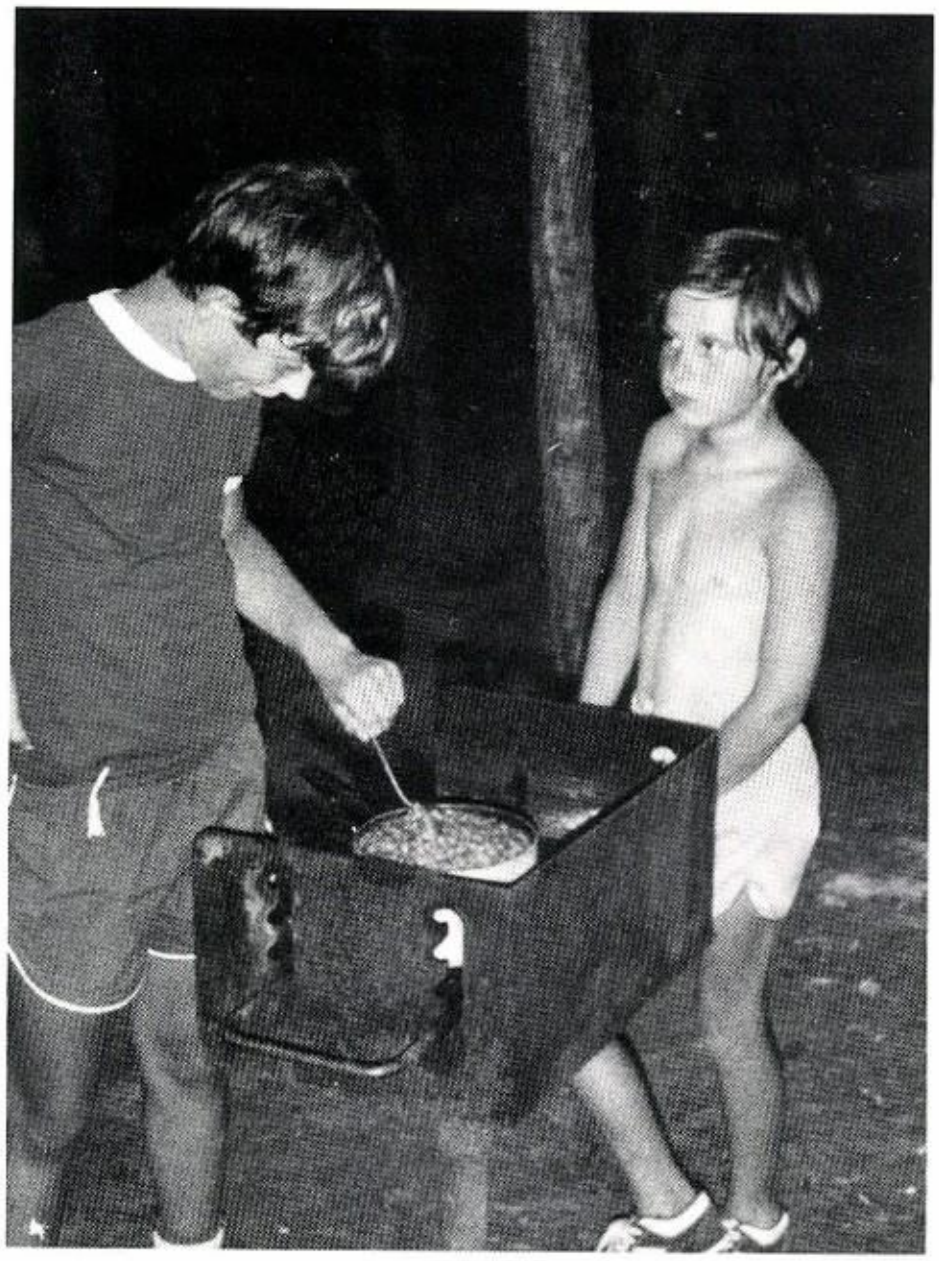
"Please don't let me drop this reel."



"More popcorn! More popcorn!"

CAMPING

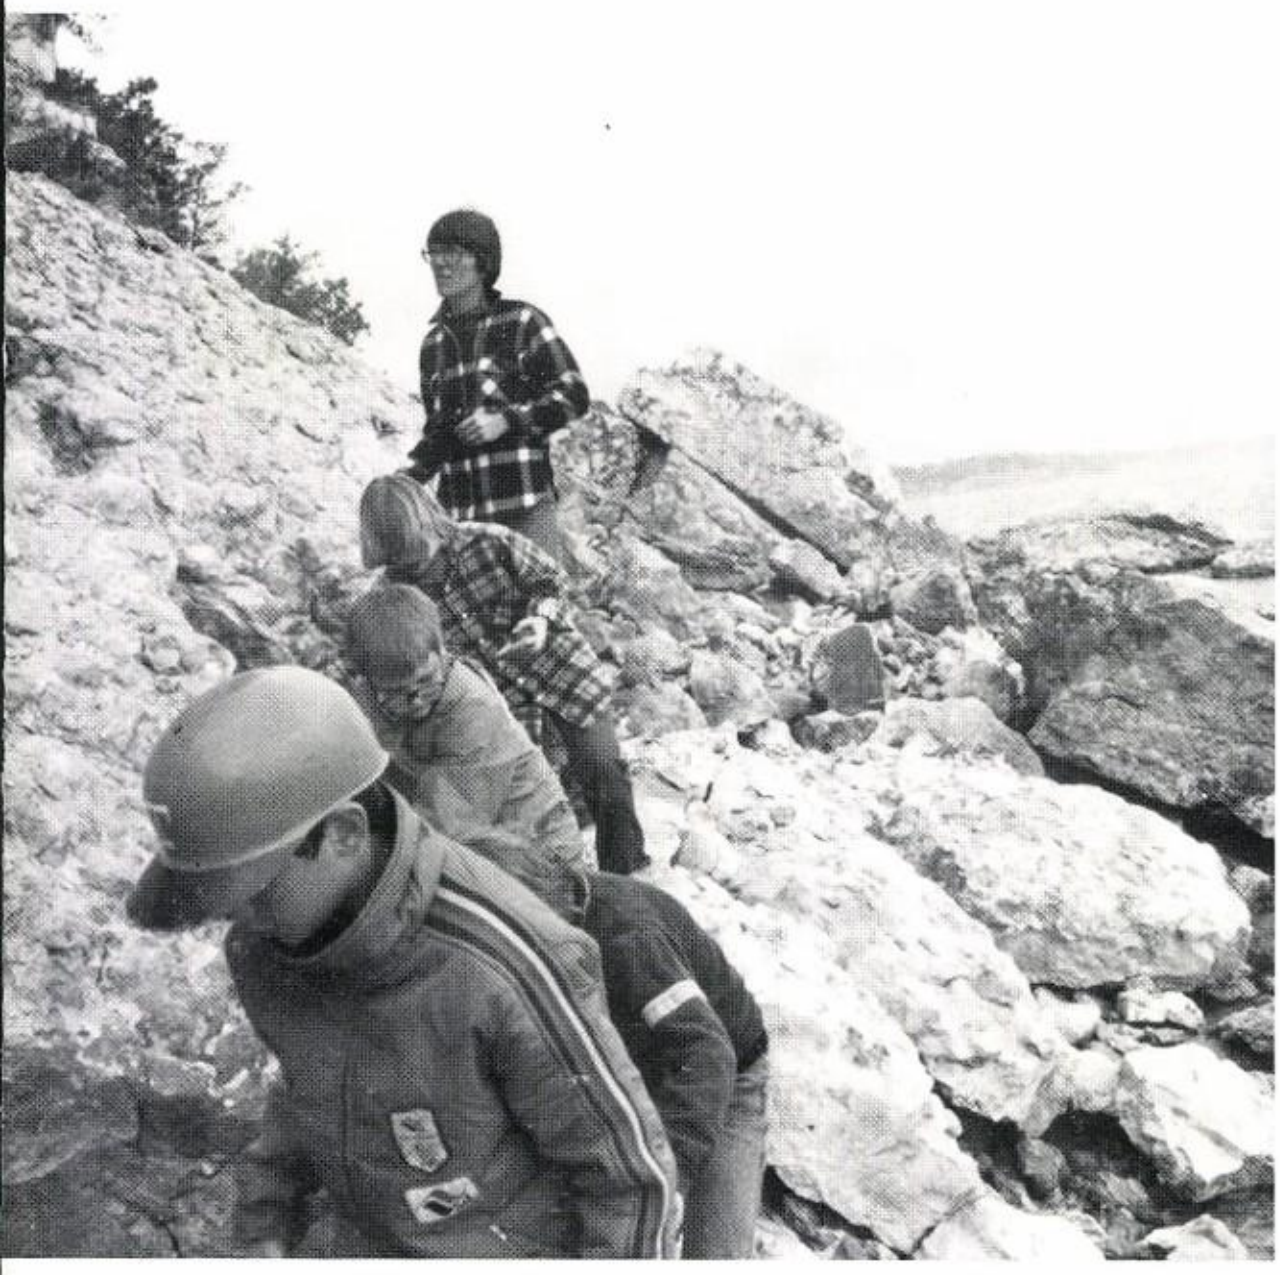
The first annual 5th and 6th grade camping trip was a great success. Despite the cold and sometimes rainy weather, everyone had a terrific time learning about nature, astronomy, and playing games. Among the many highlights of the trip were the delicious meals cooked by the campers. Because of everyone's participation and enthusiasm, our trip to Eisenhower State Park, was a wonderful experience that many of us will never forget. The first camping trip was so fantastic that the daycampers at summer school took a camping trip too.



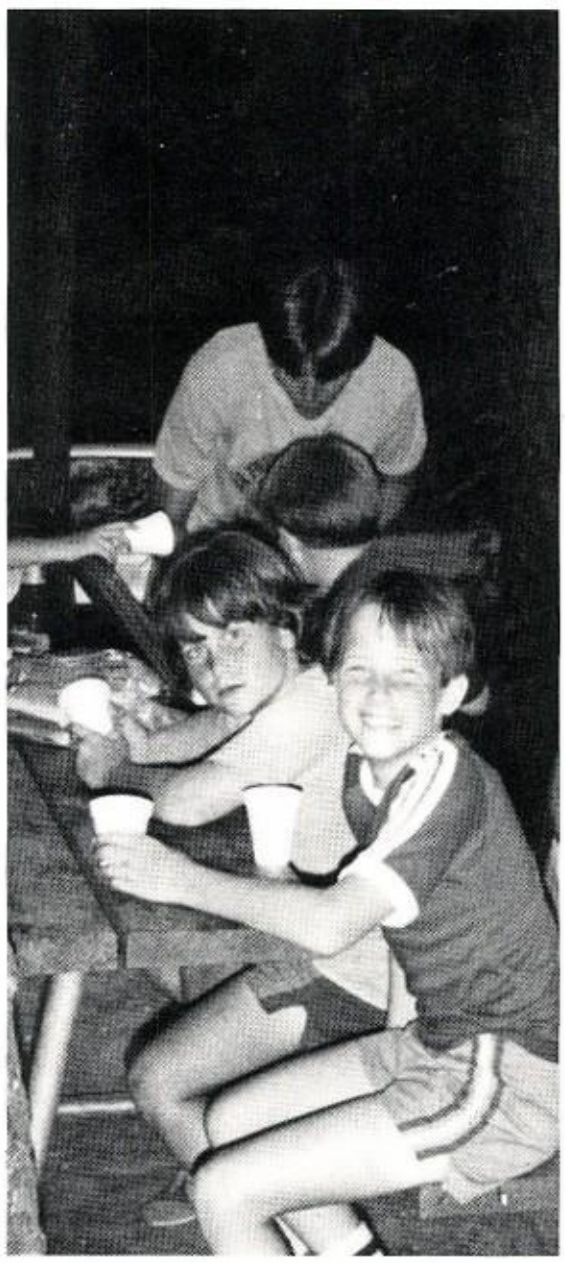
"Can't wait til' it's done"

Now on 3 everyone roll to the left.

It's delicious



"Where are they going? It looks adventurous!!"



Camping is fun!

SCIENCE FAIR

The second annual science fair was a terrific success. Every student from 6th through 12th grade entered a project. There was a junior and a senior division. Ribbons were awarded to 1st, 2nd, 3rd, place and honorable mention. It was a proud day for everyone.

BASKETBALL AND BASEBALL

Lisa Felini and Craig Mierzwiak were the basketball champions.

"I'm gonna make a homerun."

What a swing!

Swing, batter.

Hey, I got it.!!

"Run, run, run. You can make it."

Run, Claudine!

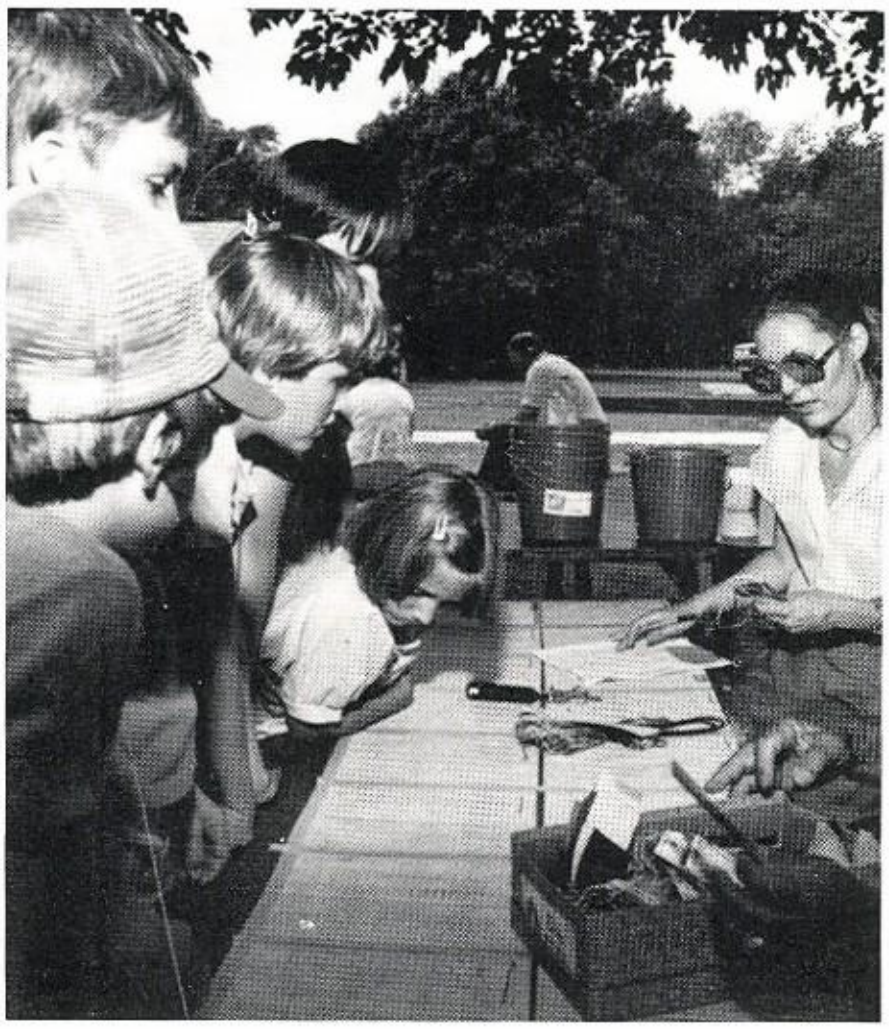
"Heave ho."

"This is the best part of the track meet."

TRACK

FIELD DAY

On May 28, 1980, Fairhill held its annual field day. We had everything from bubble gum blowing to running and jumping, so that everyone could be a winner.



There were many winners on Field Day.

"I think I can."

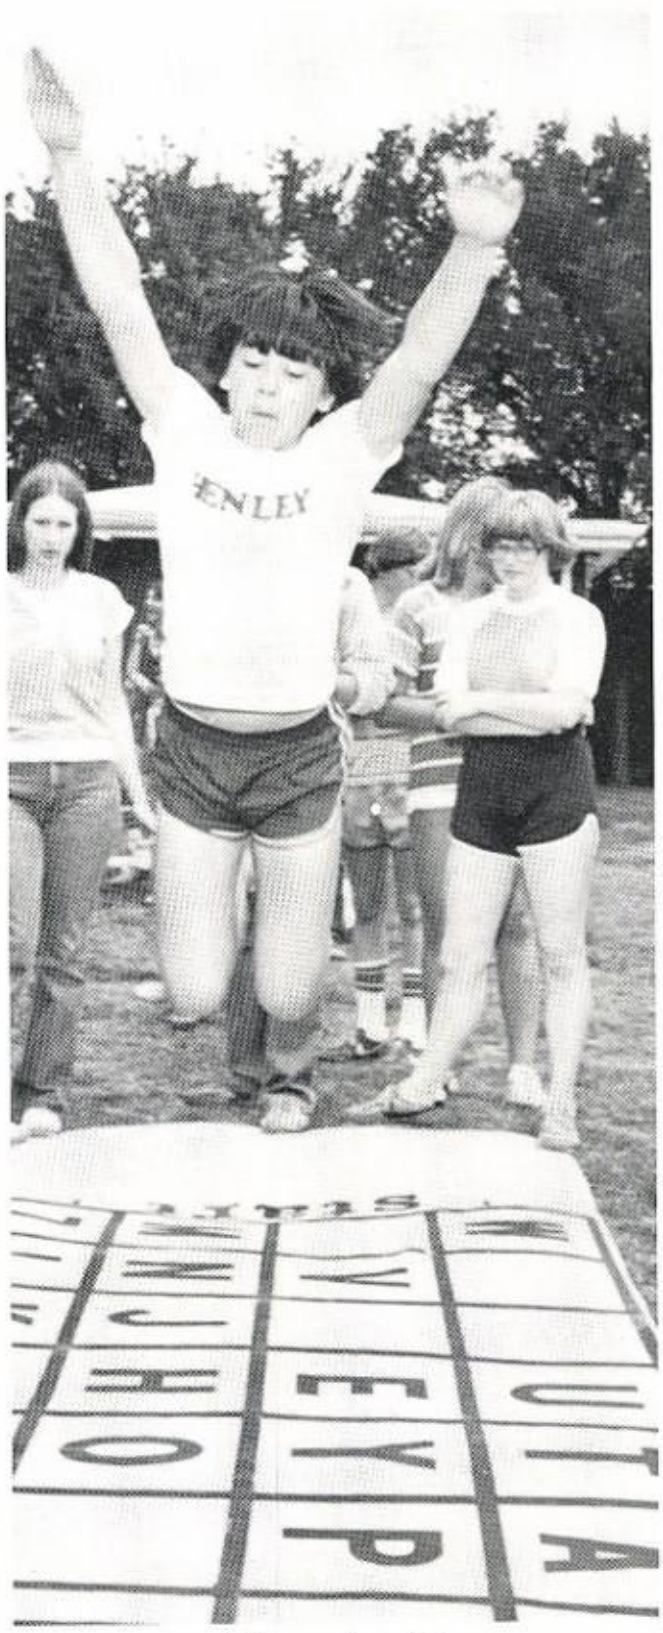
"Ouch! There's stickers in this field."

Bubble gum blowing is a serious business.

What is he doing?

Real style!!

"I'm gonna make it this time."

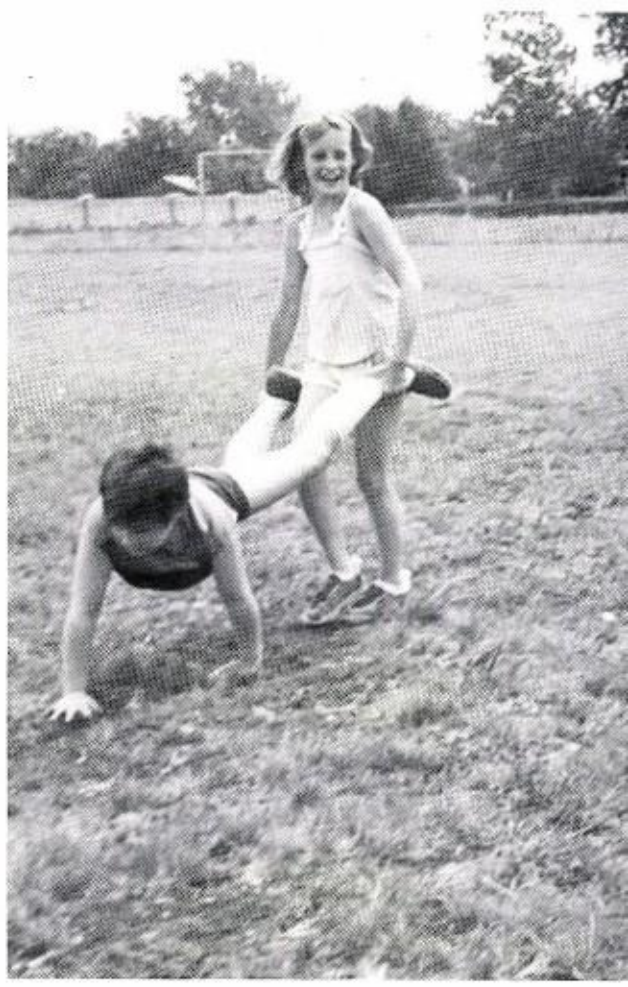


"I'm number 1."

"This is a basketball."

"Oh no, I'm going to hit — splat!!"

"Please, Andy, take our picture."



"Come on. He's beating us."

"Chuck, the bubble gum contest is over."

Field Day was so well organized.

"No, you can't pop it with a pin."

"Come on, balloon. POP!!"

"Don't cry, Greg, You'll win next time."

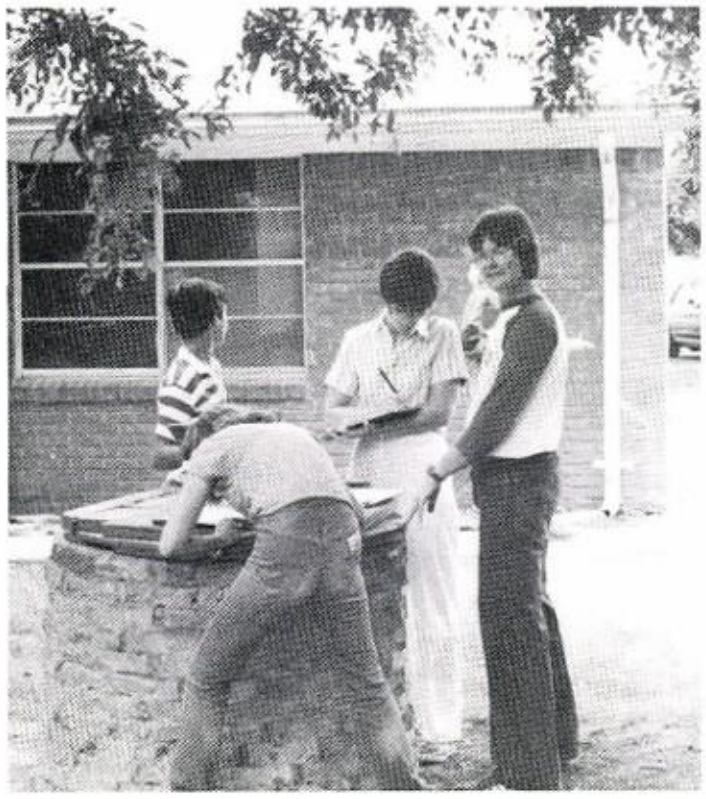
YEAR-BOOK DAY

The last week of school we received our FIRST YEARBOOK!!! We signed yearbooks, ate snacks, and visited with friends for the rest of the day.

WHAT A TERRIFIC DAY!!

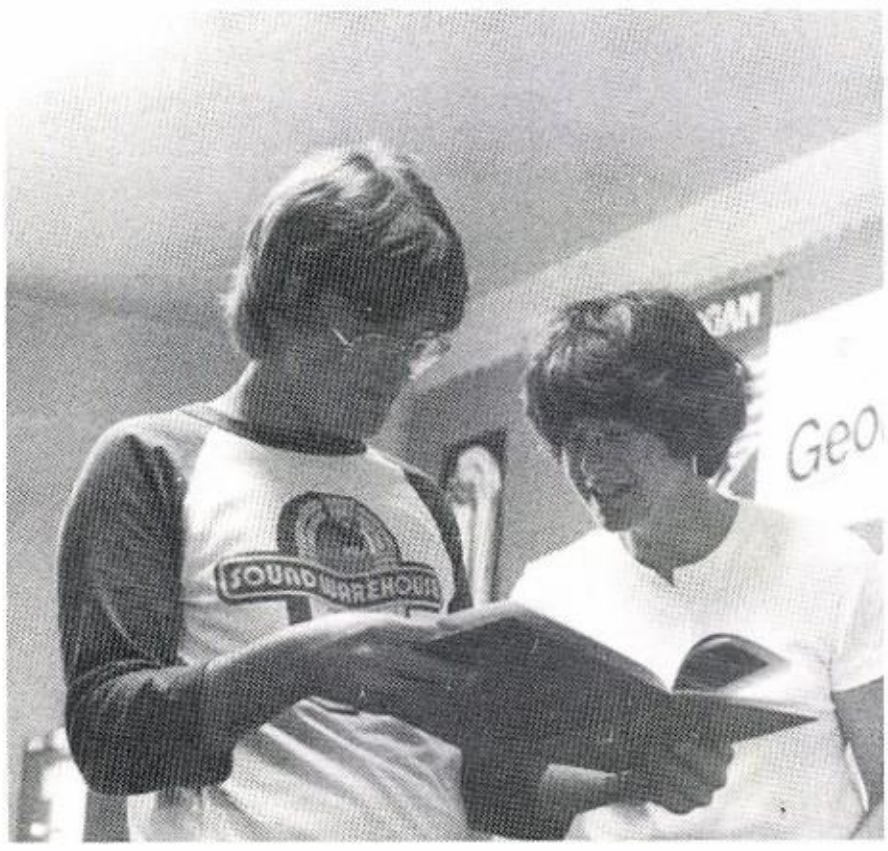
"Now I can say what I've always wanted to."

Students seriously study the yearbook.



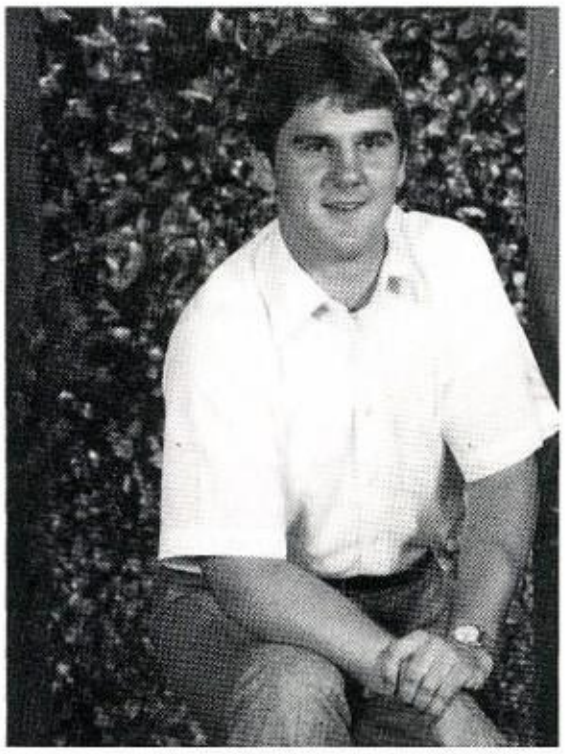
"Let's all gather at the well."

"To my dearest friend, you are the greatest . . ."



"That's a great picture of us"

GRADUATION



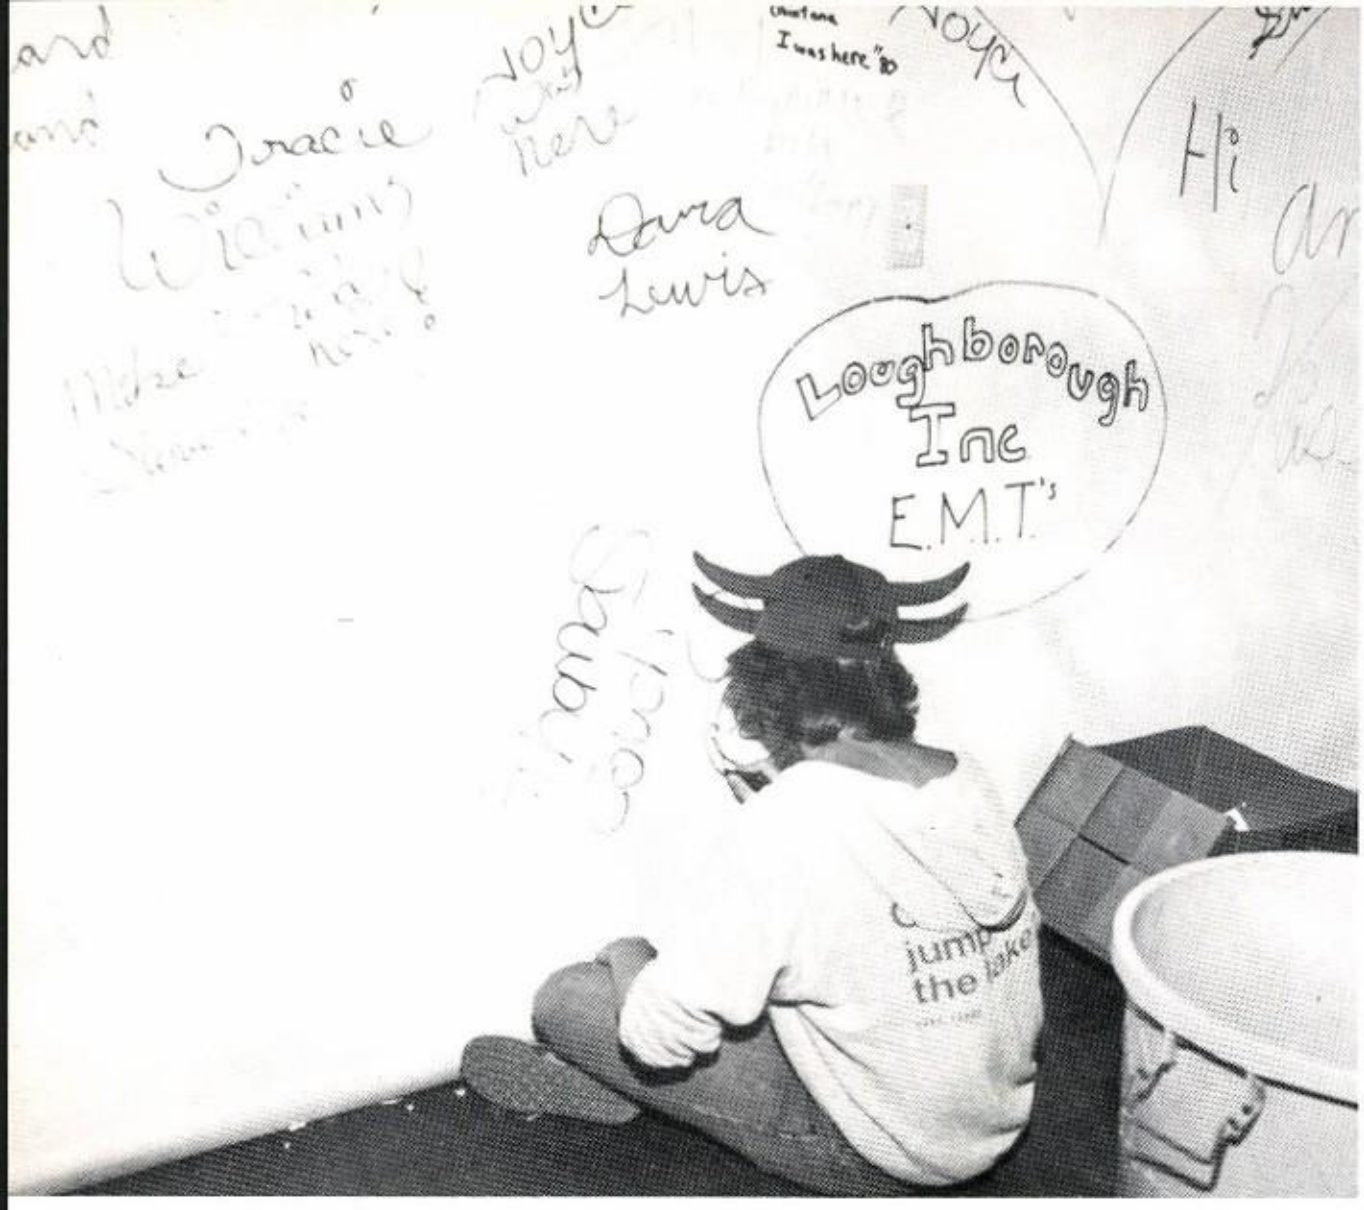
Bobby Dever
Man of the Hour

Final comments from Dr. Wilson were sentimental as Fairhill says good-by.

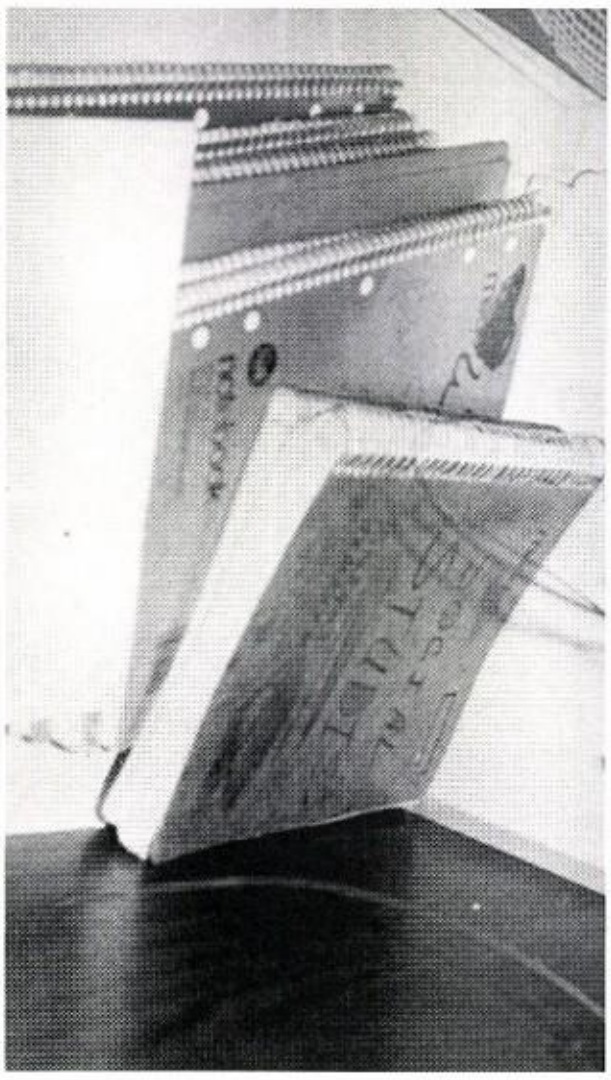
Faculty and spouses had a lovely time too.

The food and company were excellent.

On May 23, 1980, Fairhill School graduated its first senior, Bobby Dever. Mr. and Mrs. Dever very graciously invited all of the junior class and Bob's teachers to a graduation dinner at the Chapparel Club. It was a lovely dinner and evening which everyone will always remember.



"Hi, Wall, Would you like my autograph?"

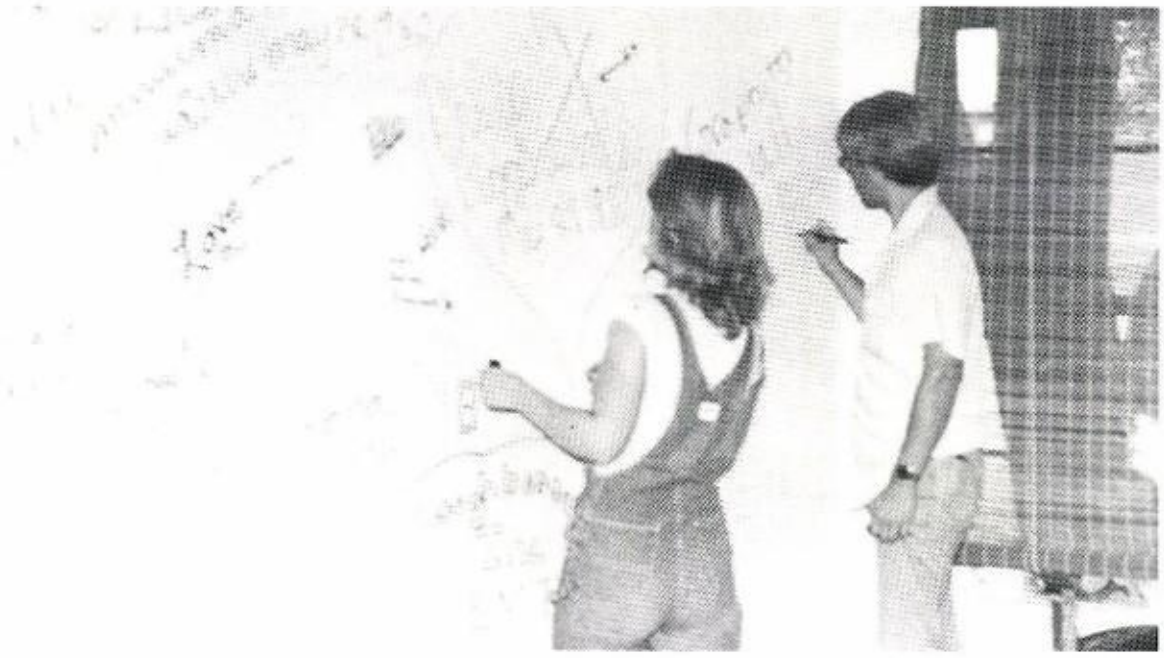


It looks like Carol's desk!!

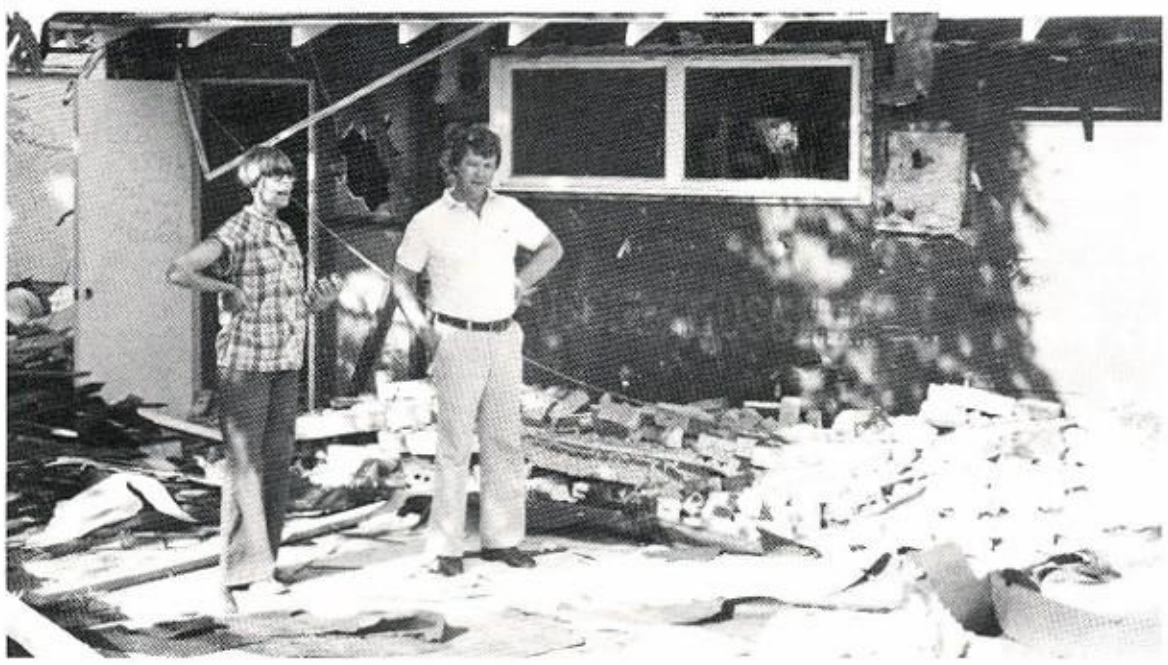
The students all knew
that the building
was to go.
So autographing the walls
was a really big show.

The building went down
in a very short time,
But the time spent on the
new one was truly a crime.

Nevertheless, we love it,
we do,
And soon we plan to build
number two!



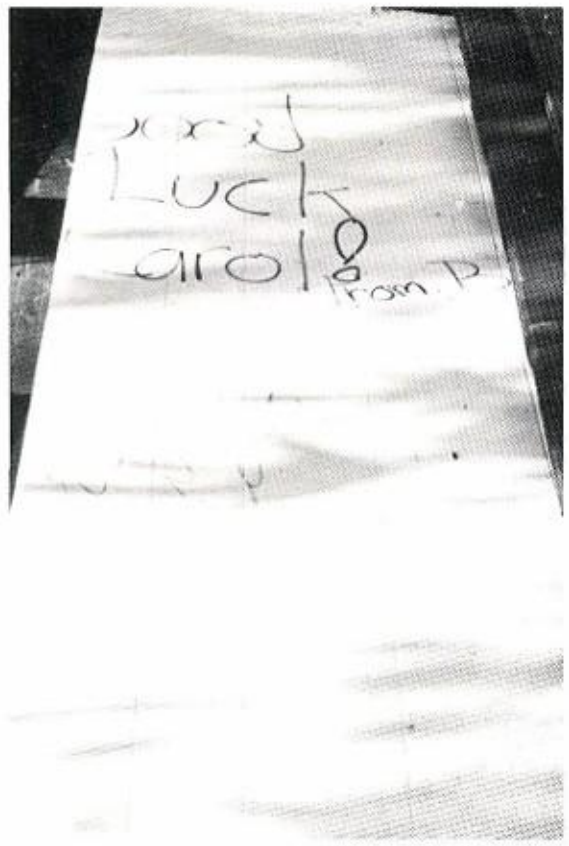
This is the most fun we've had all year!



It looks like a tornado came through here.

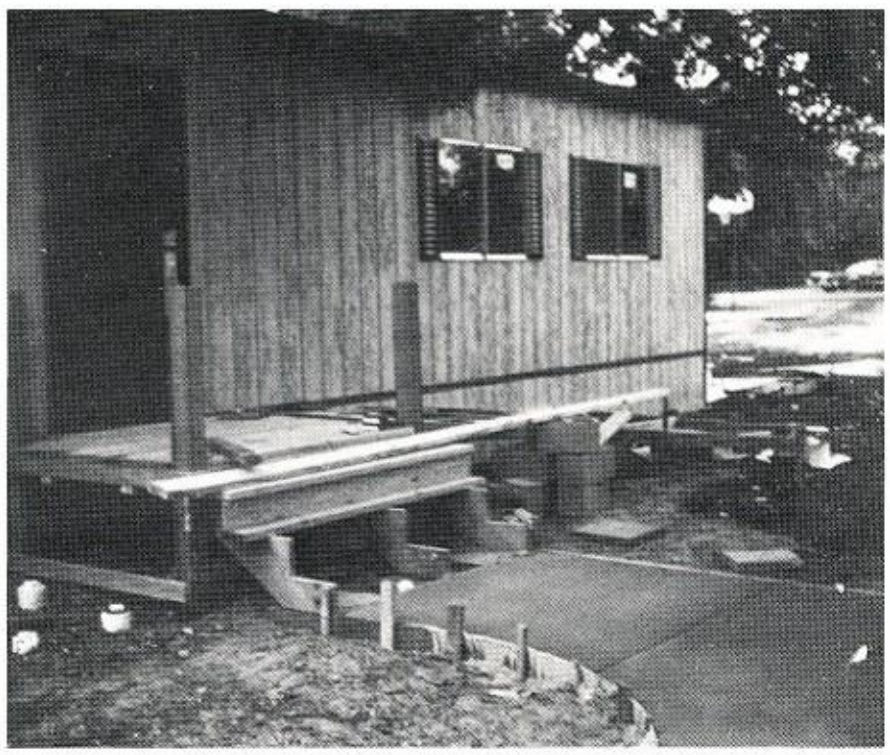
FOR SALE

The building in its last days.

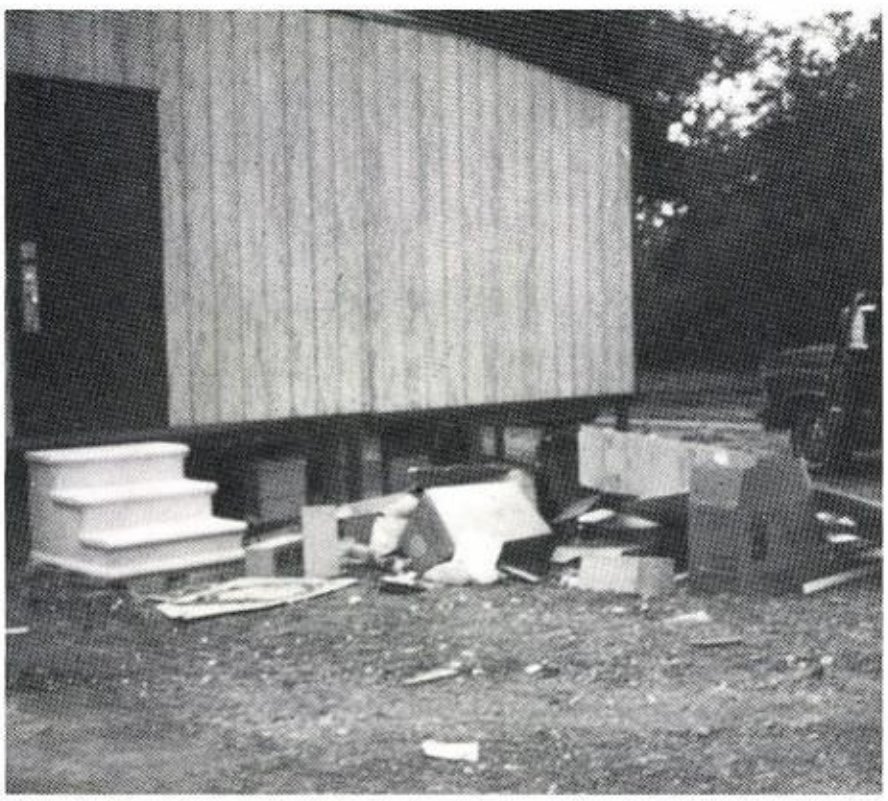


Somebody cares.

"What happened here?"



Under construction

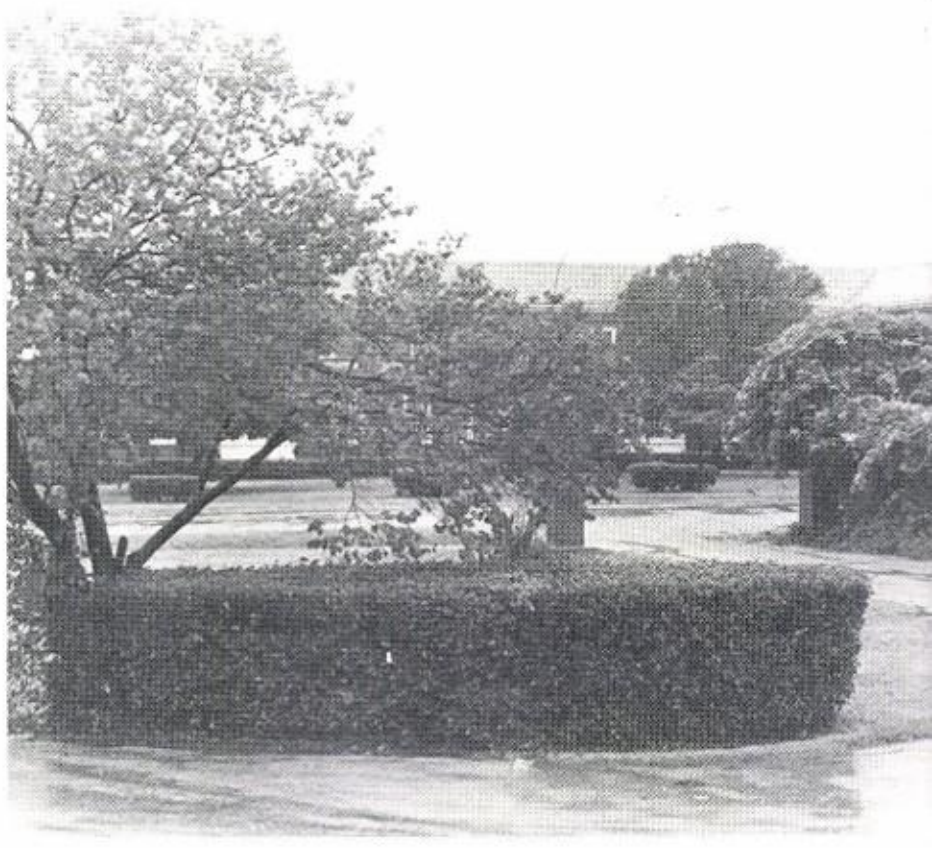


Now if they'll just clean up all this mess . . .

OUR NEW BUILDING!!

FALL

Fall meant many things this year.
It meant relief from the temperatures
that did scorch and sear;
One hundred plus and no rain at all.
Yes, we were glad to welcome fall.



Returning to school
With a building all new,
We had soccer and football
and studying to do.

The Student Council and
Yearbook staffs
Went full speed ahead
With planning school activities,
There was so much to be said.

The carnival came quickly
And we worked and
worked some more
So that it was a huge success
With food and fun galore.

And as the trees began
to lose their leaves
And jackets and coats appeared,
We knew that fall was soon to be
Gone for another year.

GAME OF THE YEAR

November 21, 1980, was a sad day for the junior-senior class and a triumphant day for the sophomores and freshmen as they romped to a 38-0 victory.

Come on, let's get this game started.

Troops on their way home.

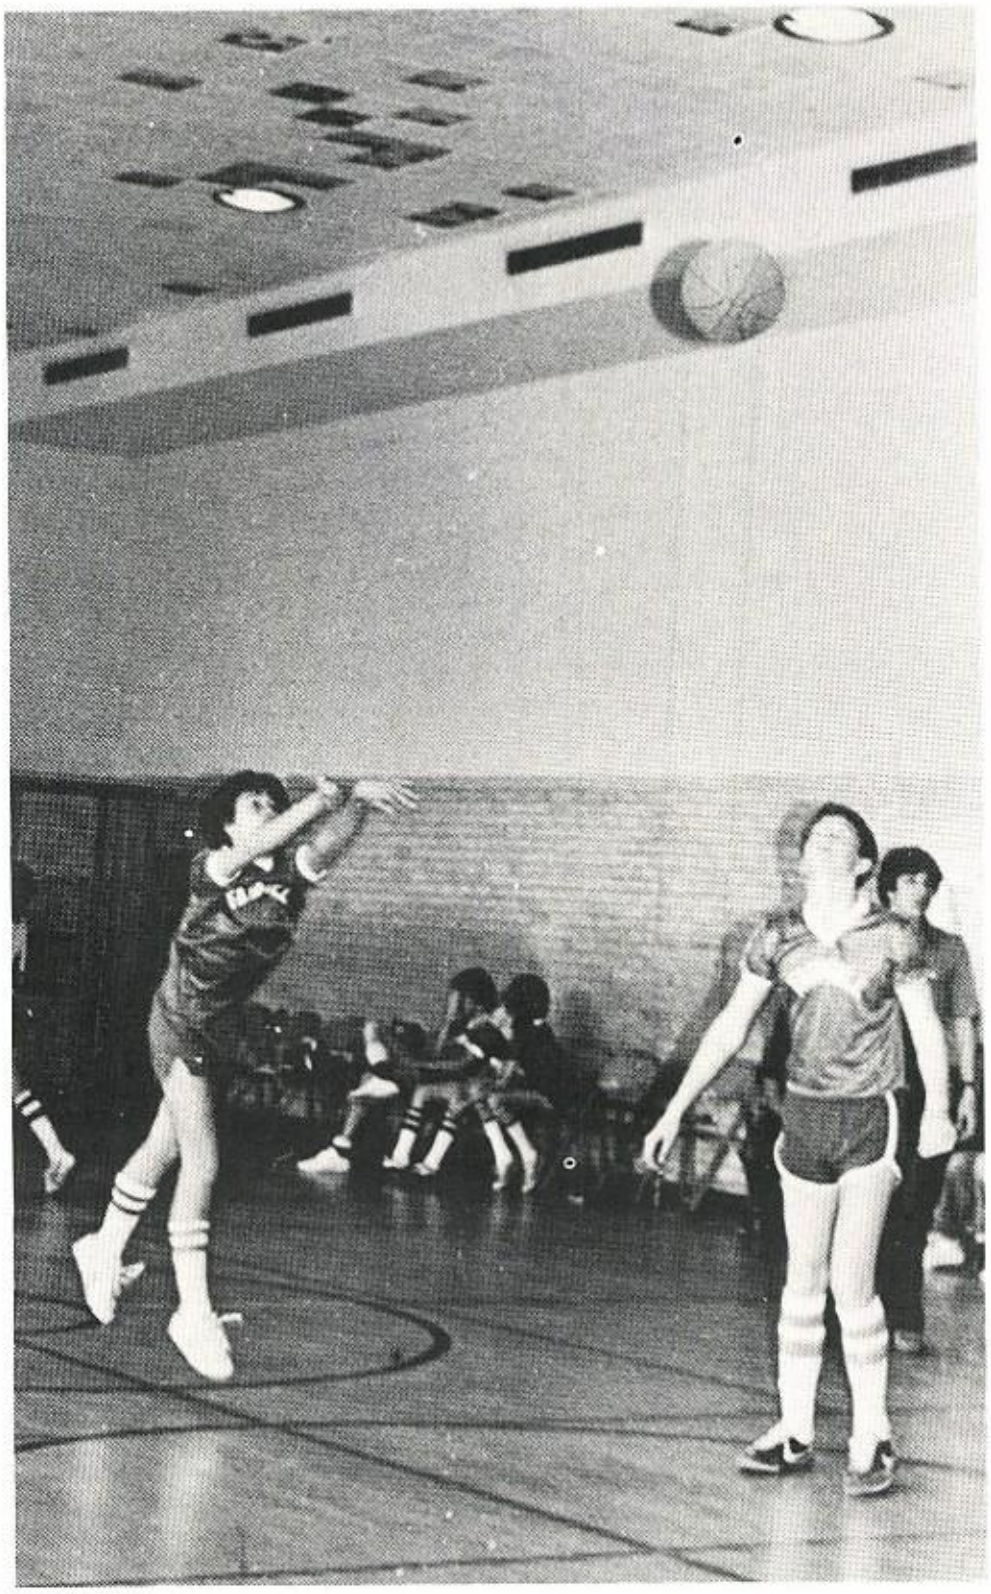
WINTER

Winter came and the wind did blow,
But where oh where was all the snow?
Some days were up to 70 degrees;
Other days we thought we'd freeze.

The Washington trip came early this year.
9th, 10th, and 11th graders left school with good cheer.
The trip was fantastic; the lines were not long.
What a wonderful experience! Nothing went wrong!



We sold peanuts and fertilizer
door to door,
And begged people to buy so we
wouldn't be poor.

Skating was great in so many ways,
And we happily left school saying,
"Happy Holidays."

Our first basketball team was
formed this season.
They practiced but lost some —
who knows the reason?

New students arrived and we
welcomed them with glee.
Winter brings so many things
How fortunate are we!

ANNUAL SKATING

Our traditional skating party was held at White Rock Skating Rink on the last day before Christmas vacation. Both teachers and students enjoyed this happy and relaxed time together.

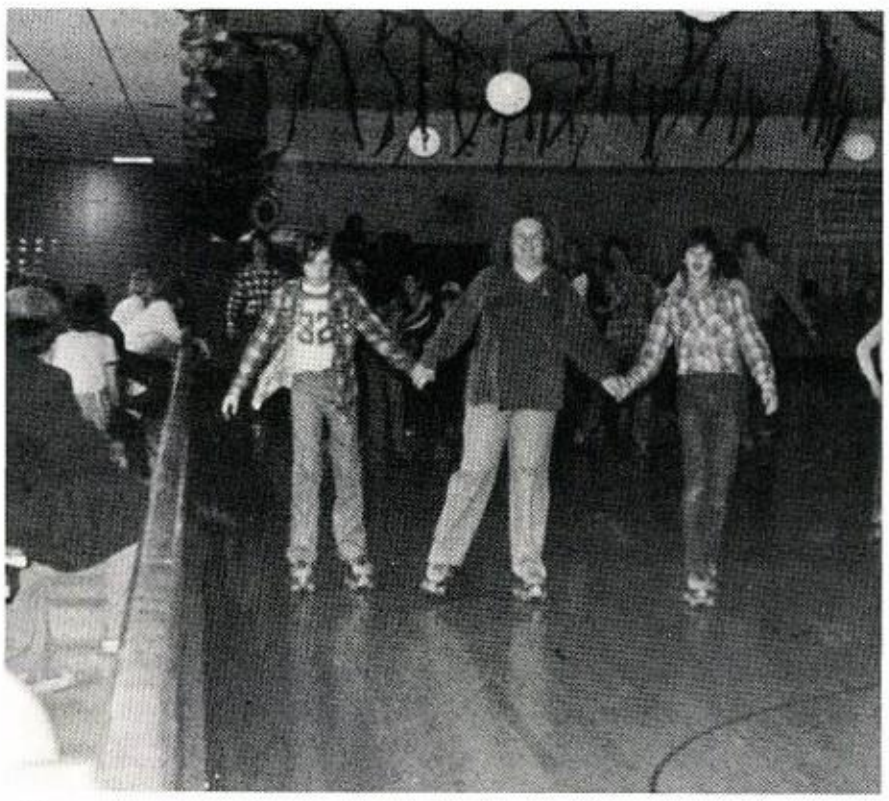
Watch out! Here we come!

Look, let me show you how.

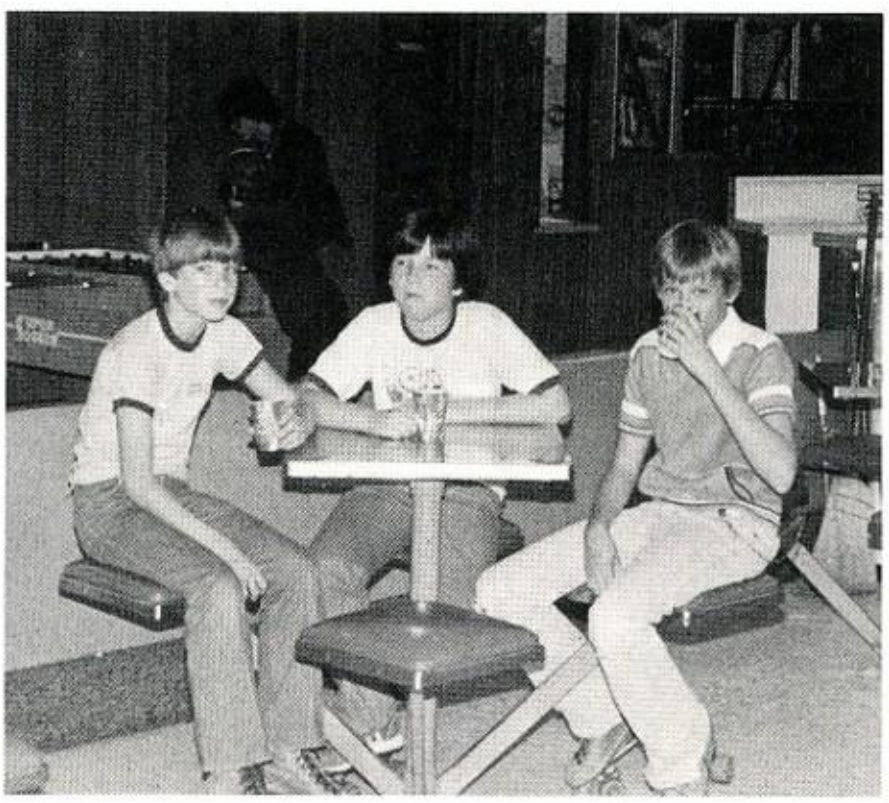
What's everybody sitting down for?

"Paging Dr. Barlow."

On your mark, get set, GO!!!

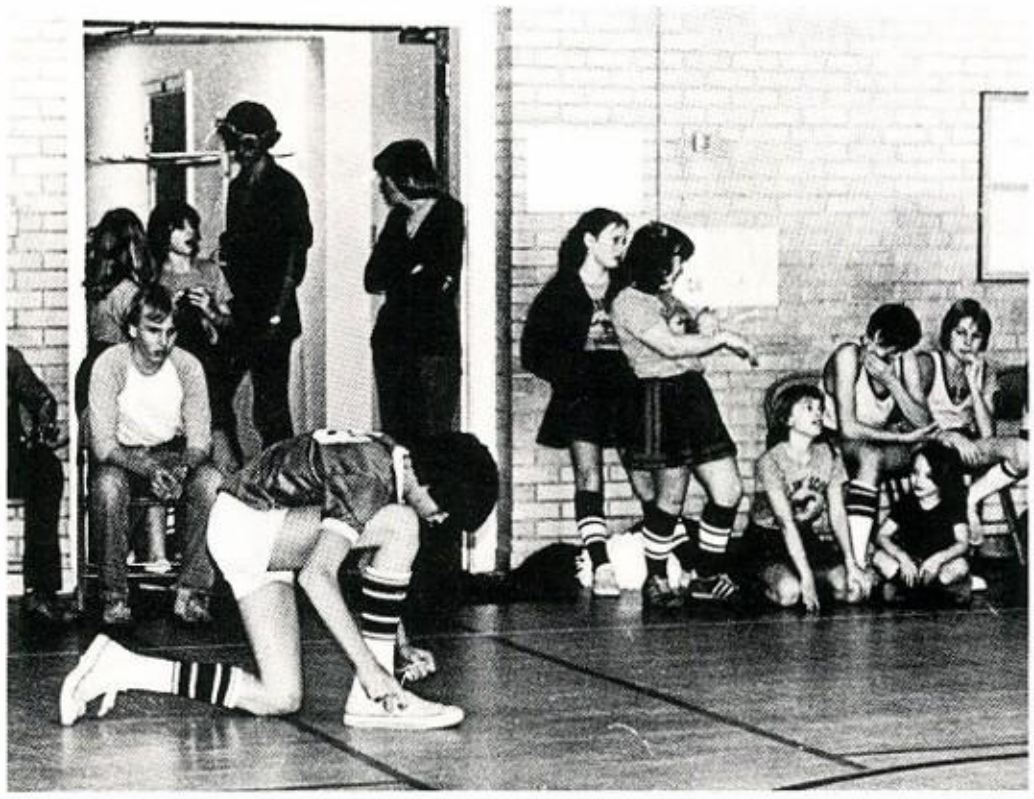


Here we come, there we go, where we end up, no one knows!



Time for a break.

1st BASKET BALL TEAM



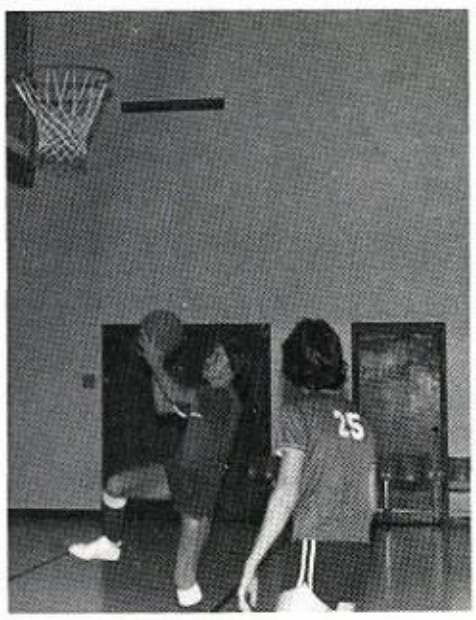
Time out for a shoe tying!

Up and in for two!

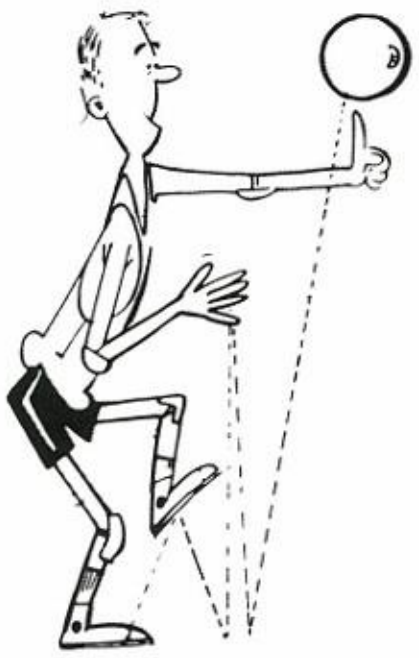
Fast break. Get 'em, Gregg!

The Coach pep talks to the team during a time out.

"GO, TEAM, GO!"



Great layup!



We were all excited to have our first basketball team this year. 7th, 8th, and 9th graders practiced after school to form a cohesive unit. We played other private schools in the area. Although the team did not win many games, everyone enjoyed our first basketball season, and look forward to an even better one next year.

"Whoops! I dropped it!"

The Fairhill squad is ready for action.

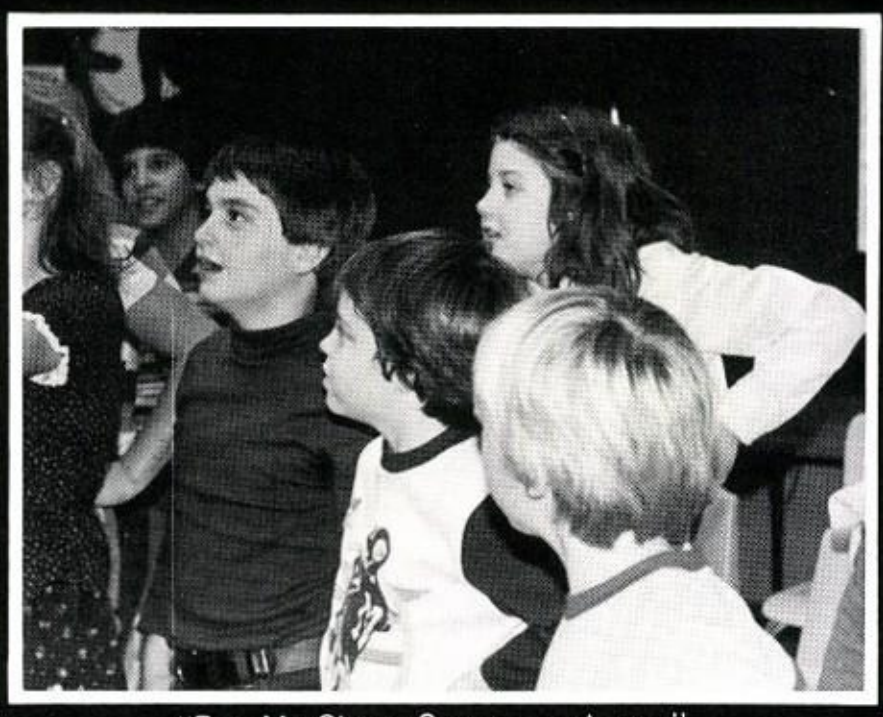
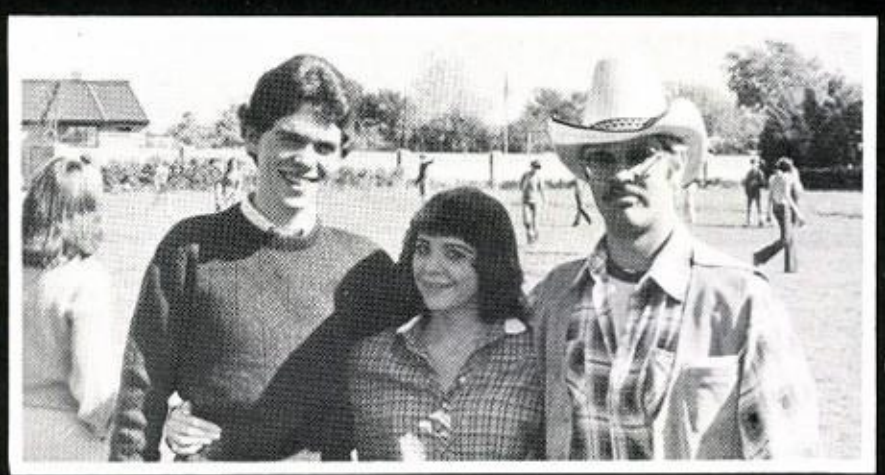
GOOD-BY TO OUR FIRST DECADE. GOOD-BY TO THE SCHOOL YEAR.

"Bye, bye, Kids."

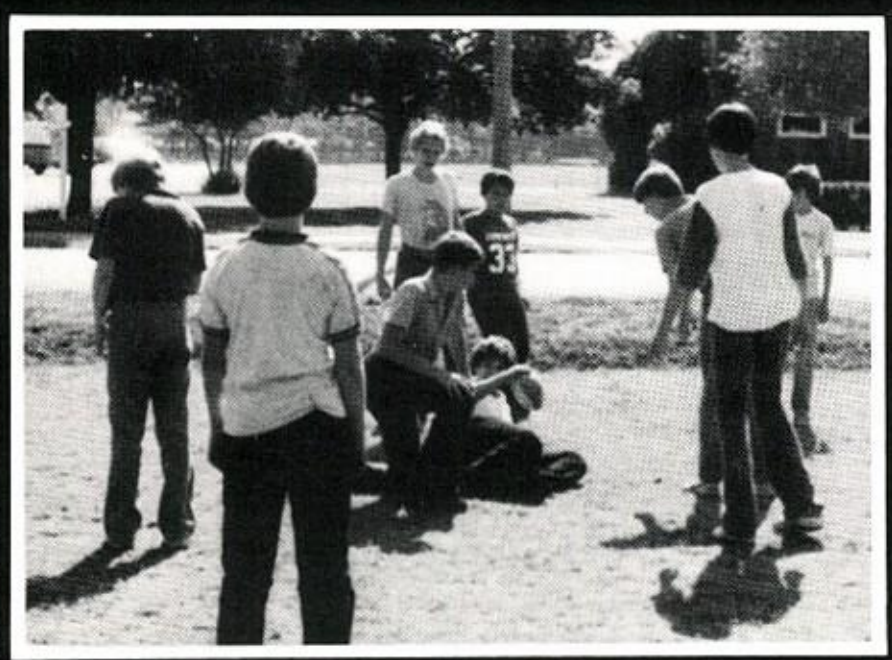


"Bye, Mr. Clown. See you next year."

The sophomores say good-by to Dean Fanoni as he goes to another school.

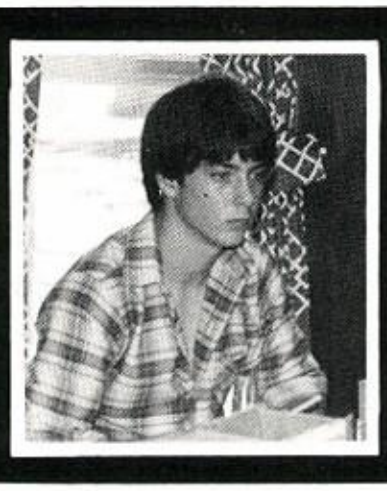


The seniors enjoy their last times together.

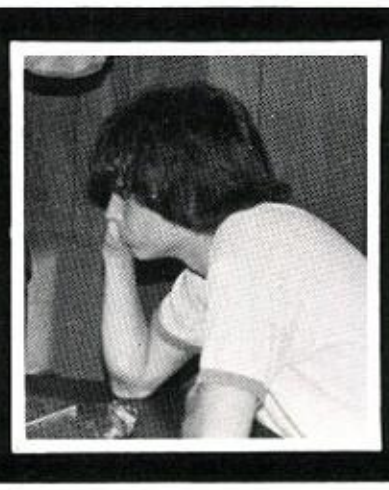


Playing football with friends is popular.

What a great day this is!



Why me?



"DECADE IN A NUTSHELL"

This year is almost over.
Fairhill's first 10 years are through.
Let us reflect on the major events
Of the world and nation too.

Vietnam has come and gone.
Right or wrong — who's to say.
But the memories will linger on
For this and another decade.
The students at Kent State
Thought it was wrong.
They protested; the National Guard came.
Bang! Bang! four lives were gone!

The Munich Olympics in '72
Were filled with heartache
For more than a few.
The entire Israeli Olympic team
Was murdered by the PLO
It wasn't just a dream.

Then there was Watergate
Oh what a waste!
The careers that were ruined;
The consequences they faced.

Patty Hearst became a household word.
First she was kidnapped,
And later it was heard
That she joined with her captors, the SLA,
And became a bank robber,
As in the olden days.
But this little tale has a happy ending for you.
She gave herself up, Served part of her time,
Was pardoned, then married.
I swear it's all true!

Our mighty nation became 200 years old.
The Bicentennial celebrations let the story unfold.

Pope John Paul II made an unprecedented first.
He took a world tour and talked to the nations.
Yankee Stadium almost burst.
How proud we were to welcome the Pope.
He spoke of world peace, and we all had hope.

We had exhibits galore from King Tut to Pompeii,
We saw them and marveled at the treasures of that day.

This decade was costly; so many famous people gone.
But their movies, records, and accomplishments
Will make their memory linger on.
We lost John Lennon, Bing Crosby, and Elvis the King.
We lost Janis Joplin, Jimi Hendrix.
How they could sing!

We lost Big John Wayne, Freddie Prinz, Jimmy Durante too.
Jack Benny, L.B.J., Hubert Humphrey. Just to name a few.

The sports, don't forget were spectacular plus.
Jack Nicklaus was named the athlete of the decade.
Seeing him play was a must.
Hank Aaron broke Babe Ruth's homerun record.
The Cowboys won the Superbowl twice!
They were loved and called "America's team."
Everyone thought it was nice — except Pittsburg.

And now to the presidents.
How many there were.
We had Nixon — the first to quit while he served.
We had Ford — the first not to be elected.
We had Carter — between Ford and him, he was selected.
And now we have Reagan, the biggest first by far.
He's the oldest, a divorcee, and an ex-movie star.

And then there were the fads
We'll only mention a few.
There is not enough room
To tell all there was to do.

We had streakers and cowboy boots,
Star Wars and designer jeans,
LED watches were "DYNOMITE"
And Donna Summer was the Disco Queen.
The Bee Gees were number one,
And John Travolta was all the way.
Farrah Fawcett, Kermit and Miss Piggy,
And the Fonz with his famous "Heeeey."
The skirt length went from mini to midi,
And the double pierced ears were the rage.
We roller skated and jogged along.
No one cared about their age.
The number 10 took on a new meaning
As Bo Derek arrived with class.
The American people waited in incredible lines
To pay a dollar a gallon for gas!

And as this ten years came to a close,
The American Embassy in Iran
Was attacked by militants — students they said —
And the word was heard throughout the land.
52 American citizens became hostages that day.
And in Iranian captivity they were forced to stay
For 444 miserable days.
There were many more events in these past 10 years.
Look back on them all and remember
With fondness or with tears.

And as the older generation
Talks of the "good old days."
Just remember that these are yours
To look back at later and praise.
May the future of Fairhill
And the world I declare
Be filled with happiness, significance, and helpfulness
For everyone, everywhere.

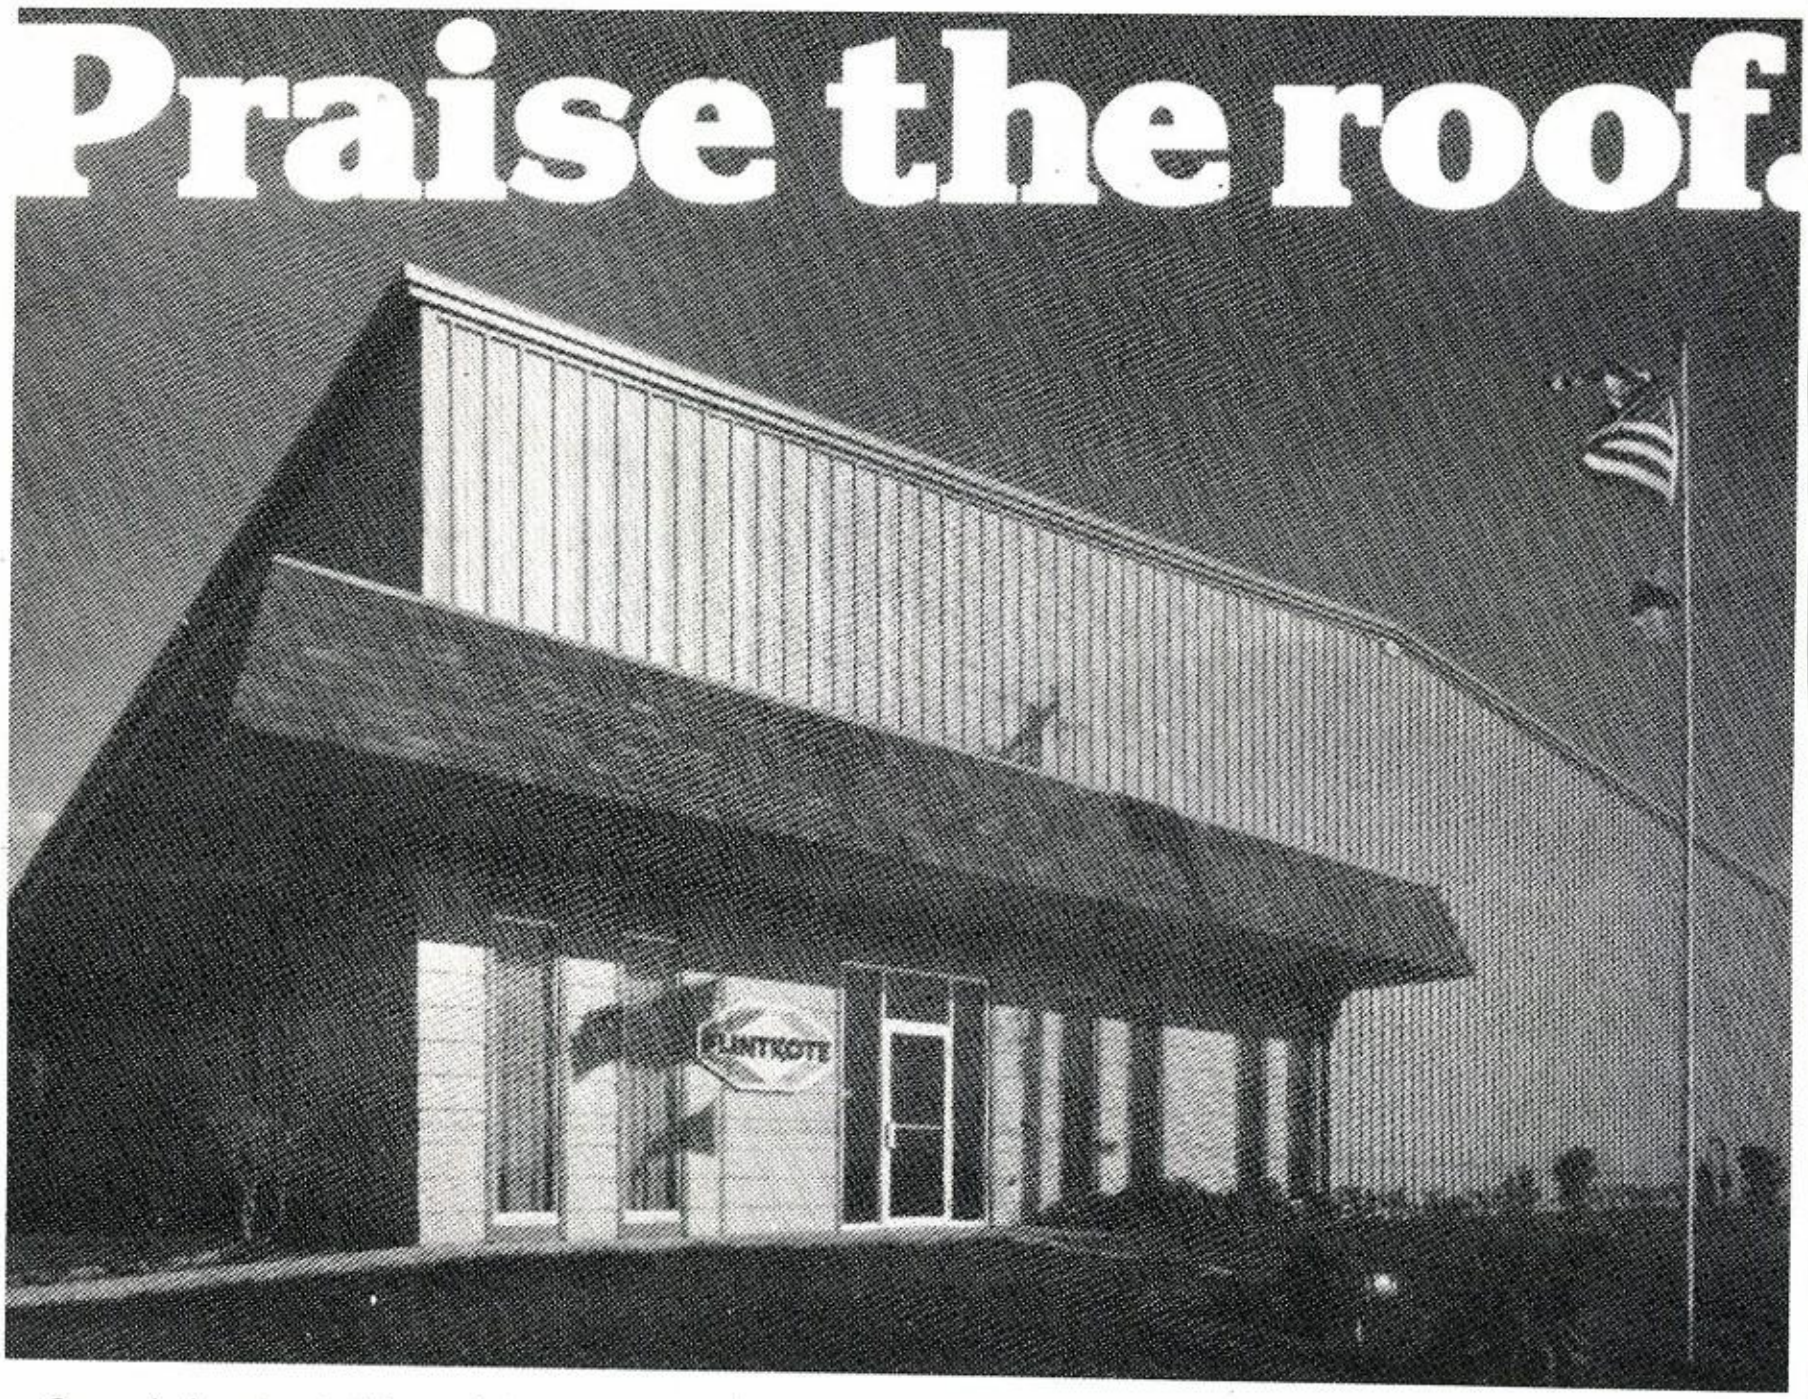
Praise the roof.



One of the nicest things about a Delta building is something you can't see. It's a guarantee, for twenty years, on the roof.

Sure, that kind of guarantee is unusual. But then, our roofs are pretty unusual, too. Because they're made of 26 gauge ribbed steel in a variety of long life finishes.

And you'll like the aesthetics of our Delta buildings. When combined with masonry, glass or one of our other special finishes, a Delta building can be just as pretty as it is practical. There's even a special facia available to hide the roof slope.

So when you're looking for a building you can really depend on, from the roof on down, look to Delta. You'll like what you see.

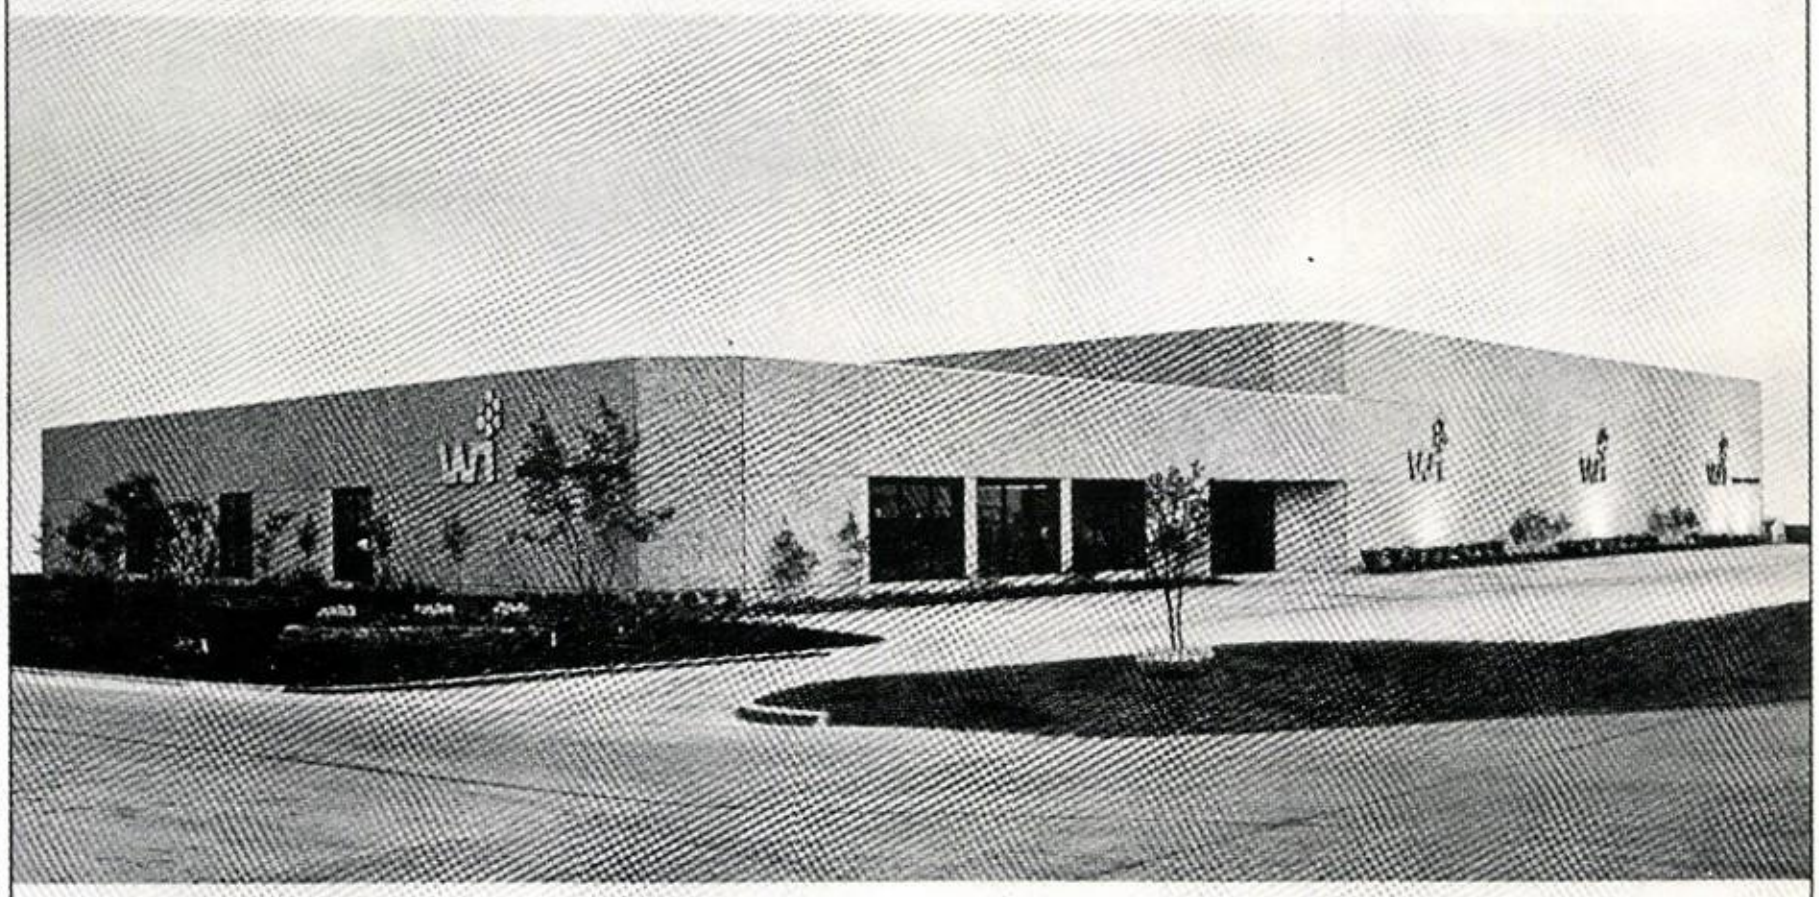
PROFESSIONALS...



Serving Professionals

WILHIDE . . . The professionals you can depend on for all your commercial furnishing and planning needs . . . and it's been that way for more than 60 years.

A company is only as good as its people . . . and at Wilhide we take great pride in our people. You'll find professionalism from your very first contact with our sales department to working and planning with our interior design consultants — right down to the efficient and expedient installation done by service personnel who are supervised and directed by only factory trained personnel.

Because all the Wilhide people work together as a team, you can be sure of the best and most consistent quality in furnishing, carpeting, space planning, design, accessories, interior construction and service which all adds up to increased efficiency and functional productivity for you.

That's Wilhide's professional pledge to professionals.
